RUMANIA DECLARES STRICT NEUTRALITY; REPLY TO GERMANY

FOLLOWING UNOFFICIAL INTIMATIONS FROM BERLIN THAT MORE DEFINITE INFORMATION BE GIVEN, BUCHAREST SAYS WILL NOT ENTER WAR.

GERMANS ARE ON DEFENSIVE

Russia Assumes General Offensive. French and British Still Landing Troops at Saloniki, to Be Under Command of General Zaraill, Former Chief French Eastern Army.

GERMAN BOAT SUNK.

Petrograd, Oct. 16, via London, Oct. 15, 10 a. m.—British submarines operating in the Baltic Sea have sunk five German transports and forced another ashore, according to a Russian official statement that was given out here tonight.

By The Associated Press. London, Oct. 16.—Rumania has joined Greece in declining to enlarge the conflagration in the Near East by declaring officially that the Rumanian government intends to preserve strict neutrality.

This step followed close on intimations from unofficial German sources that it was time that Bucharest gave more definite indications of Rumania's stand, in view of the latest developments in the Balkans. From a German source also comes a report that British and French ministers are leaving Athens. This report is discredited here, and it is without any other confirmation.

Unofficial reports from Petrograd say the Germans appear to be on the defensive along the entire line, except that section near Dvinsk, which, it is said, they have been ordered to capture at any cost.

Berlin, however, officially reports

Russian attacks not long before Dvinsk but at a number of other places, and adds that they have been repulsed.

These attacks were all comprised

in the army group of Field Marshal von Hindenburg, which is taken

to mean that the Russians have assumed something in the nature of a general offensive along the front, of which Dvinsk forms a vital salient.

Along the western front many isolated battle attacks have occurred with varying fortunes. Italy is again unofficially reported to be on the verge of joining her allies in the Balkan campaign. While the French and British are still sending troops at Saloniki for the army which will be under the supreme command of General Zaraill, the former commander in chief of the French army of the Orient, the Germans announce that their forces continue to make headway against the Serbians whose positions south of Semendria have been stormed.

The Bulgarians are said to have forced the frontier edges at several points between Nogain and Strumika. That country does not anticipate any hostile action on the part of Greece is indicated by dispatches from Bucharest, stating that Greece has purchased large amounts of wheat from Rumania which will be permitted passage through Bulgarian territory.

SUMMARY OF WAR

Troops of the entente allies have left Saloniki for the Serb-Bulgarian frontier, according to a news dispatch from Athens. The allied forces are said to have started Saturday for the Serbian front, where the Bulgarians are reported to be making progress in their assault on the defenses of the Serbians.

In the western theatre of war a vigorous counter-attack delivered by the French in the Vosges enabled them to recapture all their positions on the summit of Hartmanns-Weierkpf, according to the latest official statement from Paris. The French also claim to have taken a small fort previously occupied by the Germans. An official statement from Berlin claims that the German attack made with the object of improving the Teutonic positions at Hartmanns-Weierkpf were entirely successful, the opposing forces suffering severe losses.

Hard fighting has been in progress on all the important battle fronts, the latest official reports show, not the least desperate engagements having been fought in Serbia, where the Teutonic invasion is declared by Berlin to be making further progress.

Field Marshal von Mackensen, directing the operations of the Serbian drive, reports the storming of Vranovo, a mountain south of Semendria, and of Smoljanac village, east of Prizren, while Bulgarian troops, passing on the Serbian border to the south, are declared to have forced frontier passes at several points and to have taken the eastern parts of Zajecar, some five miles over the border in Serbia and about forty miles northeast of Nish.

Special dispatches from Nish estimate the Teutonic losses in the Serbian campaign up to Thursday night last as 25,000 killed and 60,000 wounded. It is declared in these dispatches that a German army which attempted to turn the Serbian right at Semendria was driven into the marshes on the Danube near the Semendria fortress. Heavy reinforcements for the Germans in the Pozarevac section are reported on the way.

Prosperity Is Here Say Waco Bankers; Better Times Even Are to Come

Prosperity is back again. Crops have been good, money is easier, fears of foreign entanglement have passed. Who says so? The bankers of Waco; and if anybody knows, they. Just to find out what the financiers of the city thought of the present situation, representatives of the Morning News dropped in on a few of them yesterday. The bankers did most of the talking. Money talks, and they represent that in large quantities. Here is what they say:

John F. Wright.

"Too busy to talk much," was the greeting of John F. Wright, vice president of the Central Texas Exchange National bank, when he was asked what he thought of business.

"See that farmer goes out the door?" he asked. "He has just paid off a note. This time last year the farmers were trying to borrow, and were borrowing. Now many of them are paying their debts. That is proof enough of prosperity."

Mr. Wright said that he looked for more prosperity in the next sixty days than the South has had in the last six months, and attributed this to the fact that good crops had been raised and good money received for all of them. While the cotton crop is short, good prices are being received and the farmers are not nearly as bad off as they were last year, he said, when they could not get enough out of their cotton to pay for their labor.

Conditions in Waco are better than they have been for many months, Mr. Wright said. People seem to have regained their confidence in the stability of the nation's peace, and, at the same time, to have learned to live within their means. Much of the extravagance of a few years ago is a thing of the past, said Mr. Wright, and as the farmers are taking in more money and spending less, they are getting more prosperous.

"And prosperous farmers mean a prosperous community," he concluded. "Just look around at my collection," he pointed to his big sweet potato and ears of corn, sheaves of oats and bunches of forage. "The farmer of Central Texas is learning diversification and low cotton will never again be the bugaboo that it was in the past."

Edward Rotan.

"The United States has discounted and outgrown the evil effects of the European war," said Edward Rotan, president of the First national bank. "I think all Americans should feel delighted that President Wilson and the national administration has kept us out of war. If there was any danger of embroilment with foreign powers, we believe and sincerely hope that we are safely out of it."

"We are incomparably better off than we were this time last year. Confidence is restored. The federal reserve bank law is proving an unusual success and by the liberating of the legal reserve we have more money than the country needs."

"Of course, indications of various kinds is stagnation. The manufacturers of war nations of all kinds has forged to the front, and the supplying of necessities to the warring powers of Europe is adding to America's prosperity. We have more money, as a consequence, than we need; and it is cheaper than it was ever known to be."

"This is a great country and we have had great crops. I believe that normal conditions will prevail along almost all lines in the very near future. If any bad results are to come from the war in Europe, I do not believe they will appear until several years after peace has been made."

"There is a revolution in business here, but it has just begun. I would not be surprised to see New York become the financial center of the world and to see the dollar exchange instead of pound sterling."

"I believe the world will want more cotton than it has ever used before."

The war is a fearful drain upon the finances of Europe. Its people are impoverished and will have to buy cheaper goods for their clothing. That

will mean the use of more cotton, and

that will mean more and more prosperity for the South."

W. W. Soley.

"A farmer told me today that he had just sold two bales of cotton, receiving within 12¢ of the amount he had gotten for four bales last year," said Soley. "That is sufficient reason for prosperity." That was the way W. W. Soley, president of the Waco State bank, began a tale of optimism yesterday in which he predicted that business conditions will continue to improve until the advancing wave of prosperity touches every person in the land.

"The farmer who told me today that he had almost the same price this year for two bales of cotton that he got last year for four is in much better condition this year than that farmer," said Soley. "If he only made half as much cotton," continued Mr. Soley. "Taking the cost of producing and gathering the larger number of bales, he is making more money in his crop. It is the same with farmers all over this section."

"Prosperous farmers make prosperous merchants and bankers, the advance of prosperity continuing until even the mechanic and the day laborer feel its effects."

"The scare which was thrown into the market by the war panic which struck just as last year's crop was being gathered has had a beneficial influence on the whole country. The farmer learned to practice strict economy and frugality. He planted a garden, and raised feedstuff, got him some hogs and cows, with the result that he has had to spend very little money in advance of the crop. All other classes of people have also gained much by economy."

"Country merchants throughout the section are in better shape now than before the war began. Collections of all kinds are good."

"One of the gratifying surprises for the farmer and which has brought him at least one benefit from the war is the increased price of cottonseed. Last year seed sold around \$15 a ton. Now it is selling around \$30."

The reason for this increase is the increase in the price of cottonseed oil and linters brought about by the war before the war oil sold at about 27¢ a gallon; now it is selling at 55¢. Linters also have advanced from 1½¢ a pound to 8¢. A ton of cottonseed will produce thirty-seven gallons of oil, \$50 pounds of cake, 750 pounds of hulls, and 100 pounds of linters, for which the oil mill gets a total of about \$45.

"Conditions generally are much better this year than last, but no comparison can be made. We confidently expect the business barometer to keep on rising."

We are very much pleased with the increased business of the bank here, especially so because our prosperity indicates like prosperity for our customers."

J. H. Lockwood.

"The most encouraging features of the business aspect just now, and those which give greatest promise of a continuance of the prosperity that we are enjoying now, are the fact that farmers who could not pay their notes last fall are coming in and paying now, and that men with capital are regaining confidence and putting their money again into circulation, as is the opinion of J. H. Lockwood, president of the First State Bank and Trust company, who is another prominent Waco banker who is firm in the belief that prosperity will come to stay and grow bigger all the time."

"Last fall when the war panic struck just as they were gathering their cotton," said Mr. Lockwood, "farmers feared that if they paid their notes at the banks with the money received from cotton at 6¢ a pound, they would be unable to make the next crop. The consequence was that a farmer brought the cotton to town, sold it and took the bale home with him to carry his family through the next year should the panic continue, and banks have no money to lend. The result was that bankers and business men were pinched, and failures among the smaller merchants were numerous."

"This is a great country and we have had great crops. I believe that normal conditions will prevail along almost all lines in the very near future. If any bad results are to come from the war in Europe, I do not believe they will appear until several years after peace has been made."

"There is a revolution in business here, but it has just begun. I would not be surprised to see New York become the financial center of the world and to see the dollar exchange instead of pound sterling."

"I believe the world will want more cotton than it has ever used before."

The war is a fearful drain upon the finances of Europe. Its people are impoverished and will have to buy cheaper goods for their clothing. That

will mean the use of more cotton, and

that will mean more and more prosperity for the South."

W. W. Soley.

"The high price of cotton has brought a great increase in business prosperity to the whole country, is the belief of E. A. Sturgis, cashier of the Provident National bank. When the large amount of cotton that is being held at a higher price is sold to farmers the result will be a corresponding further increase in the amount of all kinds of business, said Mr. Sturgis yesterday.

London, Oct. 16.—Sir Lionel Carden, who was British minister to Mexico from 1903 until August, 1911, when he was forced to leave Mexico City by General Carranza after the overthrow of President Huerta, died in London today.

Sir Lionel Edward Gresley Carden was born in County Tipperary, Ireland, in 1851. Sir Lionel was best known in the country as minister to Mexico, where he came into prominence during the trying days following the assumption of power by General Huerta.

short crop of cotton this year than off the heavy crop last. In addition the farmers have feed to last them through the next year, have raised their own meat, gardens, etc.

We are very optimistic as to the future of the business interests of Waco. Although the economy of the farmer has meant less business for the retail merchant, everything that the merchant has sold the farmer has been paid for."

W. D. Lacy.

"This has been one busy day," was the greeting of Captain W. D. Lacy, president of the Citizens' National bank, to the Morning News reporter yesterday. "Today has been a typical day of the prosperity that has reached us, with the increased price of cotton and the restoration of business confidence. Conditions are so far ahead of last year that there can be absolutely no comparison. Of course the croaker is always with us. The ne'er-do-well must complain to establish an excuse for his laziness. The man who is energetic and hopeful is nothing but optimistic."

"Our farmers are coming out all right after the depression last year," continued Captain Lacy. "This year the farmer is receiving twice as much money for a bale of cotton which has not cost him near so much to produce as a bale last year. One of my tenants this year brought in a bale for which he received \$86.45."

"In dealing with my tenants this year I forced them to plant gardens and feed stuff. They are now in better shape than ever before. Of course the farmer is not completely out of the mud, but has made such progress that he is much pleased and is healthily optimistic, and this when last year it seemed that absolute ruin stared him in the face."

"Our bank advised our customers to hold their cotton, and offered to take care of them meantime. Many of them are holding but the fact that only two bales have been handled under the government provision of 6 per cent money shows the splendid condition in which the farmer of the section is."

"Merchants in the smaller towns and rural communities are in good shape. Collected from the farms they report as good. This year I have been watching particularly two merchants in a small town of the county, who last year ran far behind with our bank. This year they have paid off all their old debts as well as those of this year."

"I can foresee no contingency that can arrest the advance of prosperity that I believe has only begun to reach us."

Treat Patients as Human Beings, Is Professor's Plea

By The Associated Press.
St. Louis, Oct. 16.—A plea for the treatment of patients in America as "human beings instead of cases" was made by Dr. Ralph L. Thompson, professor of pathology at St. Louis university, who has just returned from a year's work in the hospitals near the firing line in France and Flanders, in an address before the St. Louis Medical society today.

Cures in the improvised hospitals of the war zone are being effected in one-half the time and at one-fourth the cost per patient required in elaborate municipal and private hospitals, Dr. Thompson said. He added:

"If France will apply to her villages in times of peace the sanitary measures employed in times of war, she will save more lives in the next genera-

tion than have been lost in the present conflict."

"If England follows up the hospital methods that have been demonstrated in the little huts in France, where her wounded have been cured, an equal saving of life will be effected."

"The speedy cures that would be considered phenomenal in the large institutions the world over are brought about by the open air life at the front."

"If a man wants a cigarette or a drop of Scotch, they are given to him. His mental state is given attention as well as his physical."

"The soldier comes to the hospital in a condition befitting an sanitary finds flowers by his bed, finds nurses attractively dressed in bright colors, finds his fellow patients uniformly dressed in blue suits, white shirts and red ties. As soon as he is convalescent he will be allowed to walk through the fields and pick flowers for the newer arrivals."

"These little attentions, neglected in our hospitals, this regard for the patients' mental condition make the difference in the time required to cure."

C. H. I. & G. Charter Amended.

By The Associated Press.
Austin, Texas, Oct. 16.—The secretary of state's department today approved and filed an amendment to the charter and articles of incorporation of the Chicago, Rock Island and Gulf Railway company, decreasing its capital stock from \$15,000,000 to \$1,000,000. The amendment was filed July 2, 1915, and has been approved by the attorney general's department. This amendment reducing the capital stock of the company was authorized at a meeting of the board of directors held at the company's headquarters at Fort Worth Oct. 1, 1914.

Scabies Quarantine Revoked.

Austin, Texas, Oct. 16.—A proclamation has been issued by Governor Ferguson revoking the quarantine which has been in effect since Feb. 20, 1915, against scabies, and which required all cattle entering Texas from certain counties in the state of New Mexico to be accompanied by a certificate of proper inspection issued by an agent of the United States bureau of animal industry. The proclamation, which lifts the embargo from New Mexico, became effective at once. It was at the recommendation of the livestock sanitary commission that the governor declared the quarantine off.

MAJ. HYDE NOMINEE FOR MAYOR

Winner Has 128 Majority Over Mayor John P. Grace, His Opponent.

By The Associated Press.
Charleston, S. C., Oct. 16.—Major Tristram T. Hyde was declared the democratic nominee for mayor by the executive committee after a canvass today of the votes cast in Tuesday's election. According to the official figures, the nominee had a majority of 128 votes over his opponent Major J. P. Grace.

To avoid a possible recurrence of yesterday's disorder, when one man was killed and four wounded in a shooting affray at the headquarters of the executive committee, the committee met today at the German artillery hall and held its session under guard of state troops. No one was allowed to approach the building in which the meeting was being held without credentials, and every person who entered the hall was searched by the militiamen for weapons.

Major Grace, chief of Police Captain and Sheriff Martin were among those said to have been disarmed.

No disorder occurred today. The meeting still were on duty tonight and it was not known when they would be disbanded.

Ten members of the committee who supported Mayor Grace withdrew from today's meeting when they were overruled, 13 to 10, on the question of admitting the ballots cast in a certain box. The Grace members of the committee favored counting the ballots.

Habeas corpus proceedings were instituted today to secure the release of two men held by the police in connection with yesterday's disorders. Hearing will be held Monday.

"Merchants in the smaller towns and rural communities are in good shape. Collected from the farms they report as good. This year I have been watching particularly two merchants in a small town of the county, who last year ran far behind with our bank. This year they have paid off all their old debts as well as those of this year."

"I can foresee no contingency that can arrest the advance of prosperity that I believe has only begun to reach us."

"Our farmers are coming out all right after the depression last year," continued Captain Lacy. "This year the farmer is receiving twice as much money for a bale of cotton which has not cost him near so much to produce as a bale last year. One of my tenants this year brought in a bale for which he received \$86.45."

"In dealing with my tenants this year I forced them to plant gardens and feed stuff. They are now in better shape than ever before. Of course the farmer is not completely out of the mud, but has made such progress that he is much pleased and is healthily optimistic, and this when last year it seemed that absolute ruin stared him in the face."

"Our bank advised our customers to hold their cotton, and offered to take care of them meantime. Many of them are holding but the fact that only two bales have been handled under the government provision of 6 per cent money shows the splendid condition in which the farmer of the section is."

Beautify Your Skin Quickly With
Stuart's Calcium Wafers—Trial
Package Mailed Free.

Skin-tissue is made from the blood, and as it is a tendency of nature to draw off a good share of impurities through the skin, naturally impurities gather on the surface in the form of pimples, blotches, blackheads and other eruptions. Naturally, if there are no impurities in the blood, none will appear in the skin. There'll be no

skin eruptions. The skin will become wonderfully clear. The complexion will be perfect, angelic. Stuart's Calcium Wafers remove the impurities from the blood. They do it quickly, completely. They are the most powerful blood cleansers ever known. They are harmless. Don't expect face creams to do this big work.

Go to the drug store today and get a box of Stuart's Calcium Wafers, 50 cents, but are really worth many dollars to you if your face is marred by ugly pimples, blotches, blackheads, muddiness or spots, etc. Convince yourself by actual test that Stuart's Calcium Wafers are the most effective blood and skin purifiers in the world. **Fright Kills Half
of Air Raid Victims**

By The Associated Press
London, Oct. 16.—The medical evidence at the inquest held today on the eighteen victims in the London area of the Zeppelin raid Wednesday night disclosed that the death of half of them, the majority of whom were women, was due to heart failure, a shock resulting from the terrible effect of which exploding bombs and the gun fire.

One victim was an elderly woman who had sought refuge in her husband's arms. He had said to her, "Never mind, we will die together if the worst happens."

Others, not hurt, among those who died from injuries was a young man, who was found sitting against a wall, his severed arm lying loose in his sleeve. To those who came to his assistance he said: "I am still seeking to it."

In a house which was struck by a bomb and damaged by two others three boys, sleeping in the same bed, were killed.

A young man, who ran out of the house in the neighborhood which bombs were falling, received a mortal wound, but the other occupants who remained behind to dress, escaped unharmed.

Miss Maude E. Stearns has been appointed statistician of the Philadelphia medical court and will compile sociological data to guide the state legislature in framing humanitarian laws.

**GIRLS! MOISTEN A
CLOTH AND DRAW
IT THROUGH HAIR**

IT BECOMES BEAUTIFULLY SOFT,
WAVY, ABUNDANT AND
GLOSSY AT ONCE.

Save Your Hair! All Dandruff Goes
and Hair Stops Coming
Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, luster and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowton's Danderine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.

**T. P. A. OF TEXAS
IN BIG "REVIVAL"**

PRES. E. R. HOLLAND OF SAN ANTONIO NAMES COMMITTEES
TO VISIT POSTS.

DALLAS NEXT TO BE VISITED

Membership Campaigns Are Put on
and New Impetus Given
Organization.

What among the religious denominations would be called "A Grand Revival" is just beginning in the Texas division of the Travelers' Protective Association. President E. R. Holland of San Antonio has appointed ex-state presidents, state directors and committee chairmen to visit each of the twenty-six posts of the division during the next six weeks. The first of these visits is that of the state director, J. W. Covey of Fort Worth, who visited Post K of Sherman, last Saturday; ex-State President E. N. Mulkey, Post President John W. Marsteller, and many others. Post K engaged with the visiting officer on that day in a membership campaign, which, notwithstanding the almost clean sweep made by this post in new members April last, when preparing for the meeting, had the strength of the organization restored in fifteen new members. In the evening about twenty-five members of the post entertained the visiting officer with a smoker, which was declared to be a very delightful affair for all present.

To Visit Dallas Post.

On next Friday, October 22, Post L of Dallas is to be visited by the national president, Mr. Michael of Houston; ex-State President E. N. Mulkey of Sherman and State Director F. J. Trau of Waco. Post E will have a strong committee out to meet these prominent T. P. A.'s and put in the whole day with them in their membership campaign. In the evening a social smoker will be given by Post E and then all the visitors are expected to remain over to the Buffet-Dansant to be given by Post E on the night of the 23rd. In addition to the normal business affairs this post has every pulled off. State President Holland is also expected to be on hand both of these days and to give his personal aid in the membership campaign.

The Texas division is in a most healthy state, is attracting the attention of the other state divisions, three of whom—Tennessee, Virginia and Nebraska—are neck and neck in the membership race. Illinois and Pennsylvania are also watching to see that she does not continue to go ahead of them. Notwithstanding Texas is a cotton state and business in the state for the past twelve months has been way below what many traveling men have been laying off. The membership of this division is sixty members greater at this date than at the same date last year and is growing daily.

Officers to Do Visiting.

The following officers have been appointed by State President Holland to visit posts of the division: Second Vice President R. C. Cox of Dallas, to visit Post B of Texarkana; State Director George W. Lee of Galveston, Post C of Houston; State Secretary Fred N. Palmer of Dallas and State Director R. H. Bingham of Corpus Christi, to visit Post D of San Antonio; ex-National President W. M. Michaux of Houston; ex-State President W. N. Mulkey of Sherman, State Director F. J. Trau of Waco to visit Post E of Dallas; ex-State Presidents J. W. Graves of Houston and W. E. Craddock of Fort Worth, to visit Post F of Austin; State Chairman Jake E. Poole of Houston, to visit Post G of Galveston; State Director J. B. Stewart of San Angelo, to visit Post H of Waco; State Chairman of Executive Committee S. L. Ewing of Dallas, to visit Post I of Fort Worth; State Director W. E. Craddock of Fort Worth, to visit Post K of Sherman; State Director A. L. Haber of Austin, to visit Post L of La Grange; ex-National President D. W. Michaux of Houston, to visit Post M of Cuero and Post O of Victoria; ex-State Presidents W. E. Baker of Dallas and Post President W. D. Bettie of Orange, to visit Post P of Beaumont; Post President L. B. Carlton of Houston, to visit Post Q of Brenham; ex-State President W. E. Hardin of Dallas; Post P of El Paso; Post S of San Angelo; Vice President Lee of San Antonio, to visit Post S of San Antonio; ex-State President Geo. W. Baker of Lufkin, to visit Post T of Tyler; State Director Luther Wilson of Beaumont to visit Post U of Port Arthur; State Director G. E. McNamee of Tyler, to visit Post W of Nacogdoches; State Director P. H. Caldwell of Cuero, to visit Post Y of Yoakum; State Director Geo. Lorwein of San Antonio, to visit Post Z of Corpus Christi.

Organization Committees.

The following organization committees have also been appointed by President Holland: To organize a post at Temple, State Director F. J. Trau of Waco, and J. B. Stewart of San Angelo. To organize a post at Wichita Falls, State Chairman of Livery and Transfer O. T. Simon of Fort Worth, ex-State President W. E. Craddock and ex-National President Howard W. Peak of Fort Worth. To organize the Greenville post, Chairman Relief Committee C. L. Prouty of Fort Worth, State Director Geo. K. Bucher of Dallas and ex-State President E. N. Mulkey of Sherman. Ex-State President E. N. Mulkey of Sherman has also been named state chairman of the membership committee and he has for his slogan 1,000 new members for 1915-16 and from the very energetic work he has taken hold of this it looks like he will win with something to spare.

The Travelers' Protective Association is composed of traveling salesmen, house and city salesmen, dealers in hardware, manufacturers, credit men, auditors, etc., and a very popular organization with men of these occupations.

Post E of Dallas is the largest of the posts in the Texas division and has a present membership of about 700. Dallas is also the state headquarters, the men and officers work for the advancement of the association without pay. The state secretary is the only paid man in the division.

Post E of Dallas is the only post in the division which has a present membership of about 700. Dallas is also the state headquarters, the men and officers work for the advancement of the association without pay. The state secretary is the only paid man in the division.

Two Women Killed
in Fire at Atlanta

By The Associated Press
Atlanta, Ga., Oct. 16.—Two women were killed and six persons were seriously injured in a fire which gutted the office of the Mutual Film corporation in the Mion building here today. The property damage was estimated at \$30,000.

Miss Clara Westbrook and Miss Lettie Ham are dead. Two of the injured, Mrs. Lucille Davis and Miss Beulah Yows, are believed to be fatally hurt.

The fire originated in the film sorting department and is believed to have been caused by the following of an electric cord which ignited a roll of film. The fire spread rapidly and flames which shot out of the windows seared walls of a building across Luckie street and set fire to an automobile.

Twenty-four persons were in the film corporation's office when the fire started. Seven crawled through a skylight and were rescued by firemen. Those killed or seriously injured were in parts of the office distant from exits.

The New Dress Fabrics for Fall

FEATURING a Comprehensive Line of the New Dress Fabrics for Fall and Winter in Silks and Woolens.

In Our Silks

Will be found every favored weave and shade of fashion. This is a season of many different fashionable fabrics, many from which a garment may be fashioned, any one of which is correct; you may exercise your own individual taste. Among the foremost weaves are Crepe de Chine, Crepe Meteor, Poplin, Faille, in plain and self striped effects; Taffeta in plain colors and a host of beautiful Stripe and Plaid effects, Gros Grain, Peau de Soie Bengalines, etc. Silk Chiffons, Georgette Crepes and Silk Nets for waists, sleeves and trimmings. These shown in a gorgeous range of shades.

The Graham-Jarrell showing embraces a very wide range of the season's staple and Novelty Silks. Come for a look—you'll remain to purchase.

In the Woolens

Serges and Broadcloth hold first place. In Serge, the soft finish, light weight French weave; in Broadcloth, the lustrous Chiffon finish.

Gabardine, Poplin, Whipcord are favored by many on account of their splendid wearing qualities and adaptability to present modes.

Many Plaids are being shown, both in light and heavy weight, for Dresses, Suits, Skirts and Coats. In heavy Cloakings there are wonderful new fabrics. Bright and sombre shades, fancy weaves and Plaids in Zibeline, Chinchilla and Satin finish Pile fabrics.

It is hard to make a mistake in selecting from our stocks—choose according to your own particular fancy—they're all good, and prices are right.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

IF CROSS, BILIOUS, SICK, FEVER-
ISH, OR FULL OF COLD,
TAKE NO CHANCES.

"CALIFORNIA SYRUP OF FIGS"
CAN'T HARM TENDER STOM-
ACH, LIVER, BOWELS.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become terribly clogged with waste, liver gets sluggish, stomach aches, little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, stool and undigested food pass out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless, children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Syrup Company." Refuse any other kind with contempt.

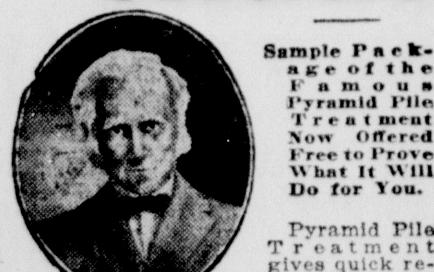

Baptist Committee on Sanitarium to Meet Here Friday

For furthering the cause of building a Baptist sanitarium here at a cost of \$160,000, the committee representing the Waco Baptist association will meet at the First Baptist church Friday evening at 6:30 o'clock. This committee is composed of fifteen Baptists and was appointed at the recent meeting of the Waco Baptist association which was held in Mart.

The discussion Friday evening will be along the line of the advisability of starting the work now or delaying it for some future date. The plan of building a sanitarium here has been on foot for some time, and at the time a campaign was suggested by which to raise funds for the building. At that time, however, it was decided to discontinue work and delay it until business conditions were more favorable. The meeting of the committee Friday is to discuss the advisability of taking up the work again and pushing a campaign for funds for the building, as there are now on hand notes to the amount of \$13,000 which can be used for buying a site and toward erecting the building.

The members of the committee are: Rev. J. M. Dawson, Waco, chairman; J. T. Rose, Rev. F. S. Groner, D. P. Wallace, R. B. Carpenter, Rev. H. H. Street, A. S. Bush, Rev. W. W. Melton, Rev. J. B. Tidwell, Waco; J. W. Mayfield, T. M. Wilson, Mart; W. B. Holland, J. S. Hakey, McGregor; Dan C. Jones, Moody; C. W. Evans, Lorena; C. W. Holloway, West, and George Cox, Eddy.

WACOANS APPEAR ON EPISCOPAL PROGRAM

REV. W. P. WITSELL WILL PRE-
SIDE AT EPISCOPAL MEETING
IN AUSTIN.

BISHOP KINSOLVING TO SPEAK

Waco Women Monopolize Section on
Organized Women's Work—Ses-
sions in Two Churches.

The program for the meeting in Austin October 26-28 of the Northwest conference of the diocese of Texas of the Protestant Episcopal church has been issued here by Rev. W. P. Witsell, rector of St. Paul's, and dean of the conference. Among the Waco speakers on the program are Mrs. R. G. Patton, Mrs. C. H. Brightwell, Mrs. William H. Talley, and Mrs. J. R. Joyner. Rev. Mr. Witsell, as dean of the conference, will preside at all the meetings of the three days of the session.

The territory of the northwest conference of the Texas diocese embraces the counties of Limestone, Falls, McLennan, Robertson, Bell, Bosque, Burleson, Lee, Bastrop, Travis, Williamson, Milam, Bell, Coryell, Lampasas and Bur-

nett. All morning and afternoon sessions of the conference will be held in All Saints' church or parish house, Austin. Evening services will be held in St. David's church.

Opportunity will be given at the close of each session of address for questions and general discussion. All the clergy and delegates will be privileged to participate in the discussions. Resolutions will be reserved for the business session, according to the announcement of Rev. Mr. Witsell.

GRANDPA DIDN'T NEED CASCARETS FOR THE BOWELS

TWO HOURS A DAY SAWING
WOOD WILL KEEP THE LIVER
AND BOWELS RIGHT.

YOU WHO TAKE EXERCISE IN AN
EASY CHAIR MUST TAKE
"CASCARETS."

Enjoy life—feel bully! Don't stay sick, bilious, headache, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath offensive, stomach sour and your body full of cold. Why don't you get a 10 or 25-cent box of Cascarets at the drug store and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets work while you sleep. You will wake up feeling fit and fine. Children need this candy cathartic, too.

Little Courtmartial Postponed to Nov. 1

By The Associated Press.

Washington, Oct. 16.—The court-martial of Rear Admiral Wm. N. Little, retired, was postponed today until November 1. Admiral Little explaining to Secretary Daniels that he would be unable to prepare his defense by next Monday, the original date set.

The officer is charged with neglect of duty in having accepted as machinery inspector submarine K-2 from the builders when he is alleged to have known that there was defective construction in her electric storage batteries.

In documents relating to the case made public today, Admiral Little is quoted as having said that acceptance of the boat was based on the contractor's agreement to "stand back of the battery for all time as to the alleged careless workmanship." The present navy inspector at the Fore River Ship Building plant, where the submarine was constructed, reported he was unable to find any written record of the agreement in the files of his office.

Heart Balm Suit Likely.
"George," said the beautiful girl as she nestled close to him, "the last time you called you proposed."

"I did, sweet one."

"And I accepted you."

"You did, love."

"I presume, George," she went on, in her most fascinating manner, "that you look upon me merely as a foolish, thoughtless girl, but—but?"

"How can you think so, pet?"
"But," she went on, in a more business-like way, "the instinct of the new woman is me, and—I shall have to ask you to repeat the proposal again tonight. The last time you called it was Sunday, and contracts made on the day, I learn, are not legally binding."—New York Times.

Don't Use Curling Iron! Here's a Better Method

(Woman Beautiful.)
By no means use a heated iron. It makes the hair dry and dead looking, giving a most unkempt appearance. After brushing the hair thoroughly, just dip a clean tooth brush in a jar of pomade or salve and run it through parts of the hair to be curled. Do this at bedtime and you will be quite surprised when you behold yourself in the mirror next morning. The hair will be beautifully wavy and curling and the effect will appear altogether natural.

You will have no trouble doing up your tresses in the style you desire and they will look and feel fluff and soft to use.

Over a Million Votes Cast in News Contest

Big Gains Are Shown in All Districts and New Leaders Appear in Two of Them.

Over 1,000,000 votes have been cast by the candidates in the Morning News contest since Friday. A popular expression by most people is, "That's going some." The contest is now in full bloom. The candidates who expect to win out are working. They are securing the votes by thousands and thousands. Proof of this is shown by the standing in today's paper.

On Nov. 11 the Waco Morning News will award one \$25 Overland automobile. There will also be three Ford touring cars of the five-passenger variety given away. There will be three elegant residence building lot worth \$300 each. There are three genuine commercial business colleges, worth \$75 each, three diamonds, valued at \$50 each, and three gold watches, worth \$25 each.

In all there are nineteen gifts, having a total value of \$3,900, to be given away by the Morning News on Nov. 11 to the candidates in this contest who secure the most votes. This is absolutely the greatest contest ever announced by any newspaper in Central Texas. It is the largest number of automobiles and prizes ever advertised in any contest in this section. And each and every contestant fully realizes this fact.

It will be an honor and an achievement to win. It will be a still greater honor to win the grand prize Overland. To win first place in the entire contest will require much hard work, but the reward will be well worth the effort.

At the outset of this contest the Morning News agreed to give away the three cars, worth \$475 each, and the other fifteen prizes as enumerated above. But the contestants showed such a good disposition to work for the paper that The News decided two weeks ago to add a grand prize to the contest which cost \$25 more than the original figures. As soon as this announcement was made each and every one who entered the contest saw that the Morning News was doing even more than it originally announced, and the result is that all the contestants who entered with the intention of winning have doubled their efforts during the last two weeks, and the standing in today's paper shows that the contest is about as

Educational Tours for Y M C A Boys' Club Begin Again

Ad Club to Hear Prominent Speaker at Next Meeting

Much interest was manifested by the members of the Saturday club of the Y. M. C. A. when they were told by A. J. Flowers that there would be taken on educational tours to various places of interest in the city. These tours will begin next Saturday and will include all places of interest in the city, among other trips will be made to the power plant, broom factory, ice factory, door factory, lock and dam, ice cream factory, and many other places.

The business feature of the factory was the election of officers at the meeting yesterday afternoon. Tom Harrison was elected president, Jim Terry vice president, G. N. Beabout secretary, and Kenneth Ainsworth treasurer.

Following the election of officers the afternoon was spent in a hale and hearty chase. This feature of the afternoon was very pleasantly spent and the surprise of the chase was when it ended at the football game between Waco HI and Hubbard City HI, which ended so disastrously for the Hubbard team.

The Better Babies Contest

Will be a Big Feature of the TEXAS COTTON PALACE

Over five hundred babies from Waco and throughout the entire Southwest have already been entered in the Texas Cotton Palace Better Babies Contest. It is one of the big educational features of the 1915 Cotton Palace. It will cover a period of one entire week, starting Monday, November 8th, and ending in the awarding of the prizes on Monday, November the 15th.

The Queen's Ball a Big Feature of the 1915 Texas Cotton Palace

Practically every town and city in the state will be represented at the Queen's Ball at the Texas Cotton Palace on Thursday night, November the 11th. It will be one of the most elaborately staged affairs ever witnessed in the Southwest. This feature will be worth traveling hundreds of miles to see. It carries with it the coronation of the Queen amid scenes of grandeur that portray all of the splendor and magnificence of the days of the most famous Royal Courts of the past centuries.

The Society Ball a Big Feature of This Year's Texas Cotton Palace

Brilliant, indeed, have been the Society Ball events of the past five Cotton Palace expositions and each year a new mark has been reached, but the plans that are being carried out for this feature this year are on a more elaborate scale than ever before. Neither time nor money has been spared in the preparations and the decorations that are to be placed in the great Cotton Palace Coliseum will alone be a sight that will go down in history as the most beautiful setting ever produced for any Ball in Texas. Friday night, November the 19th, is the date for this wonderful Ball.

Buy a season ticket and see it all. The Texas Cotton Palace is the only exposition of importance in Texas that does not charge an extra admission to its coliseum. A season ticket will admit you at the gate any day and as often during the day as you wish to attend. Three dollars secures a season ticket and three dollars never bought more in social, educational and amusement features than it will for the 1915 Cotton Palace.

MARGUERITE PINTO TAKES LEAD IN G-M CONTEST

ASTOUNDING VOTE OF 204,000 IN ONE DAY UPSETS STANDINGS IN CITY DISTRICT.

Miss Ruth Oswald Still Ahead in Out-
of-Town District—Extra Feature
for Remainder of Contest.

Yesterday a little school girl whose name has appeared on the reports of the Goldstein-Migel voting contest with a small number of votes, surprised everybody by voting 204,000 votes, placing her in the lead in the city district for a total of 302,995.

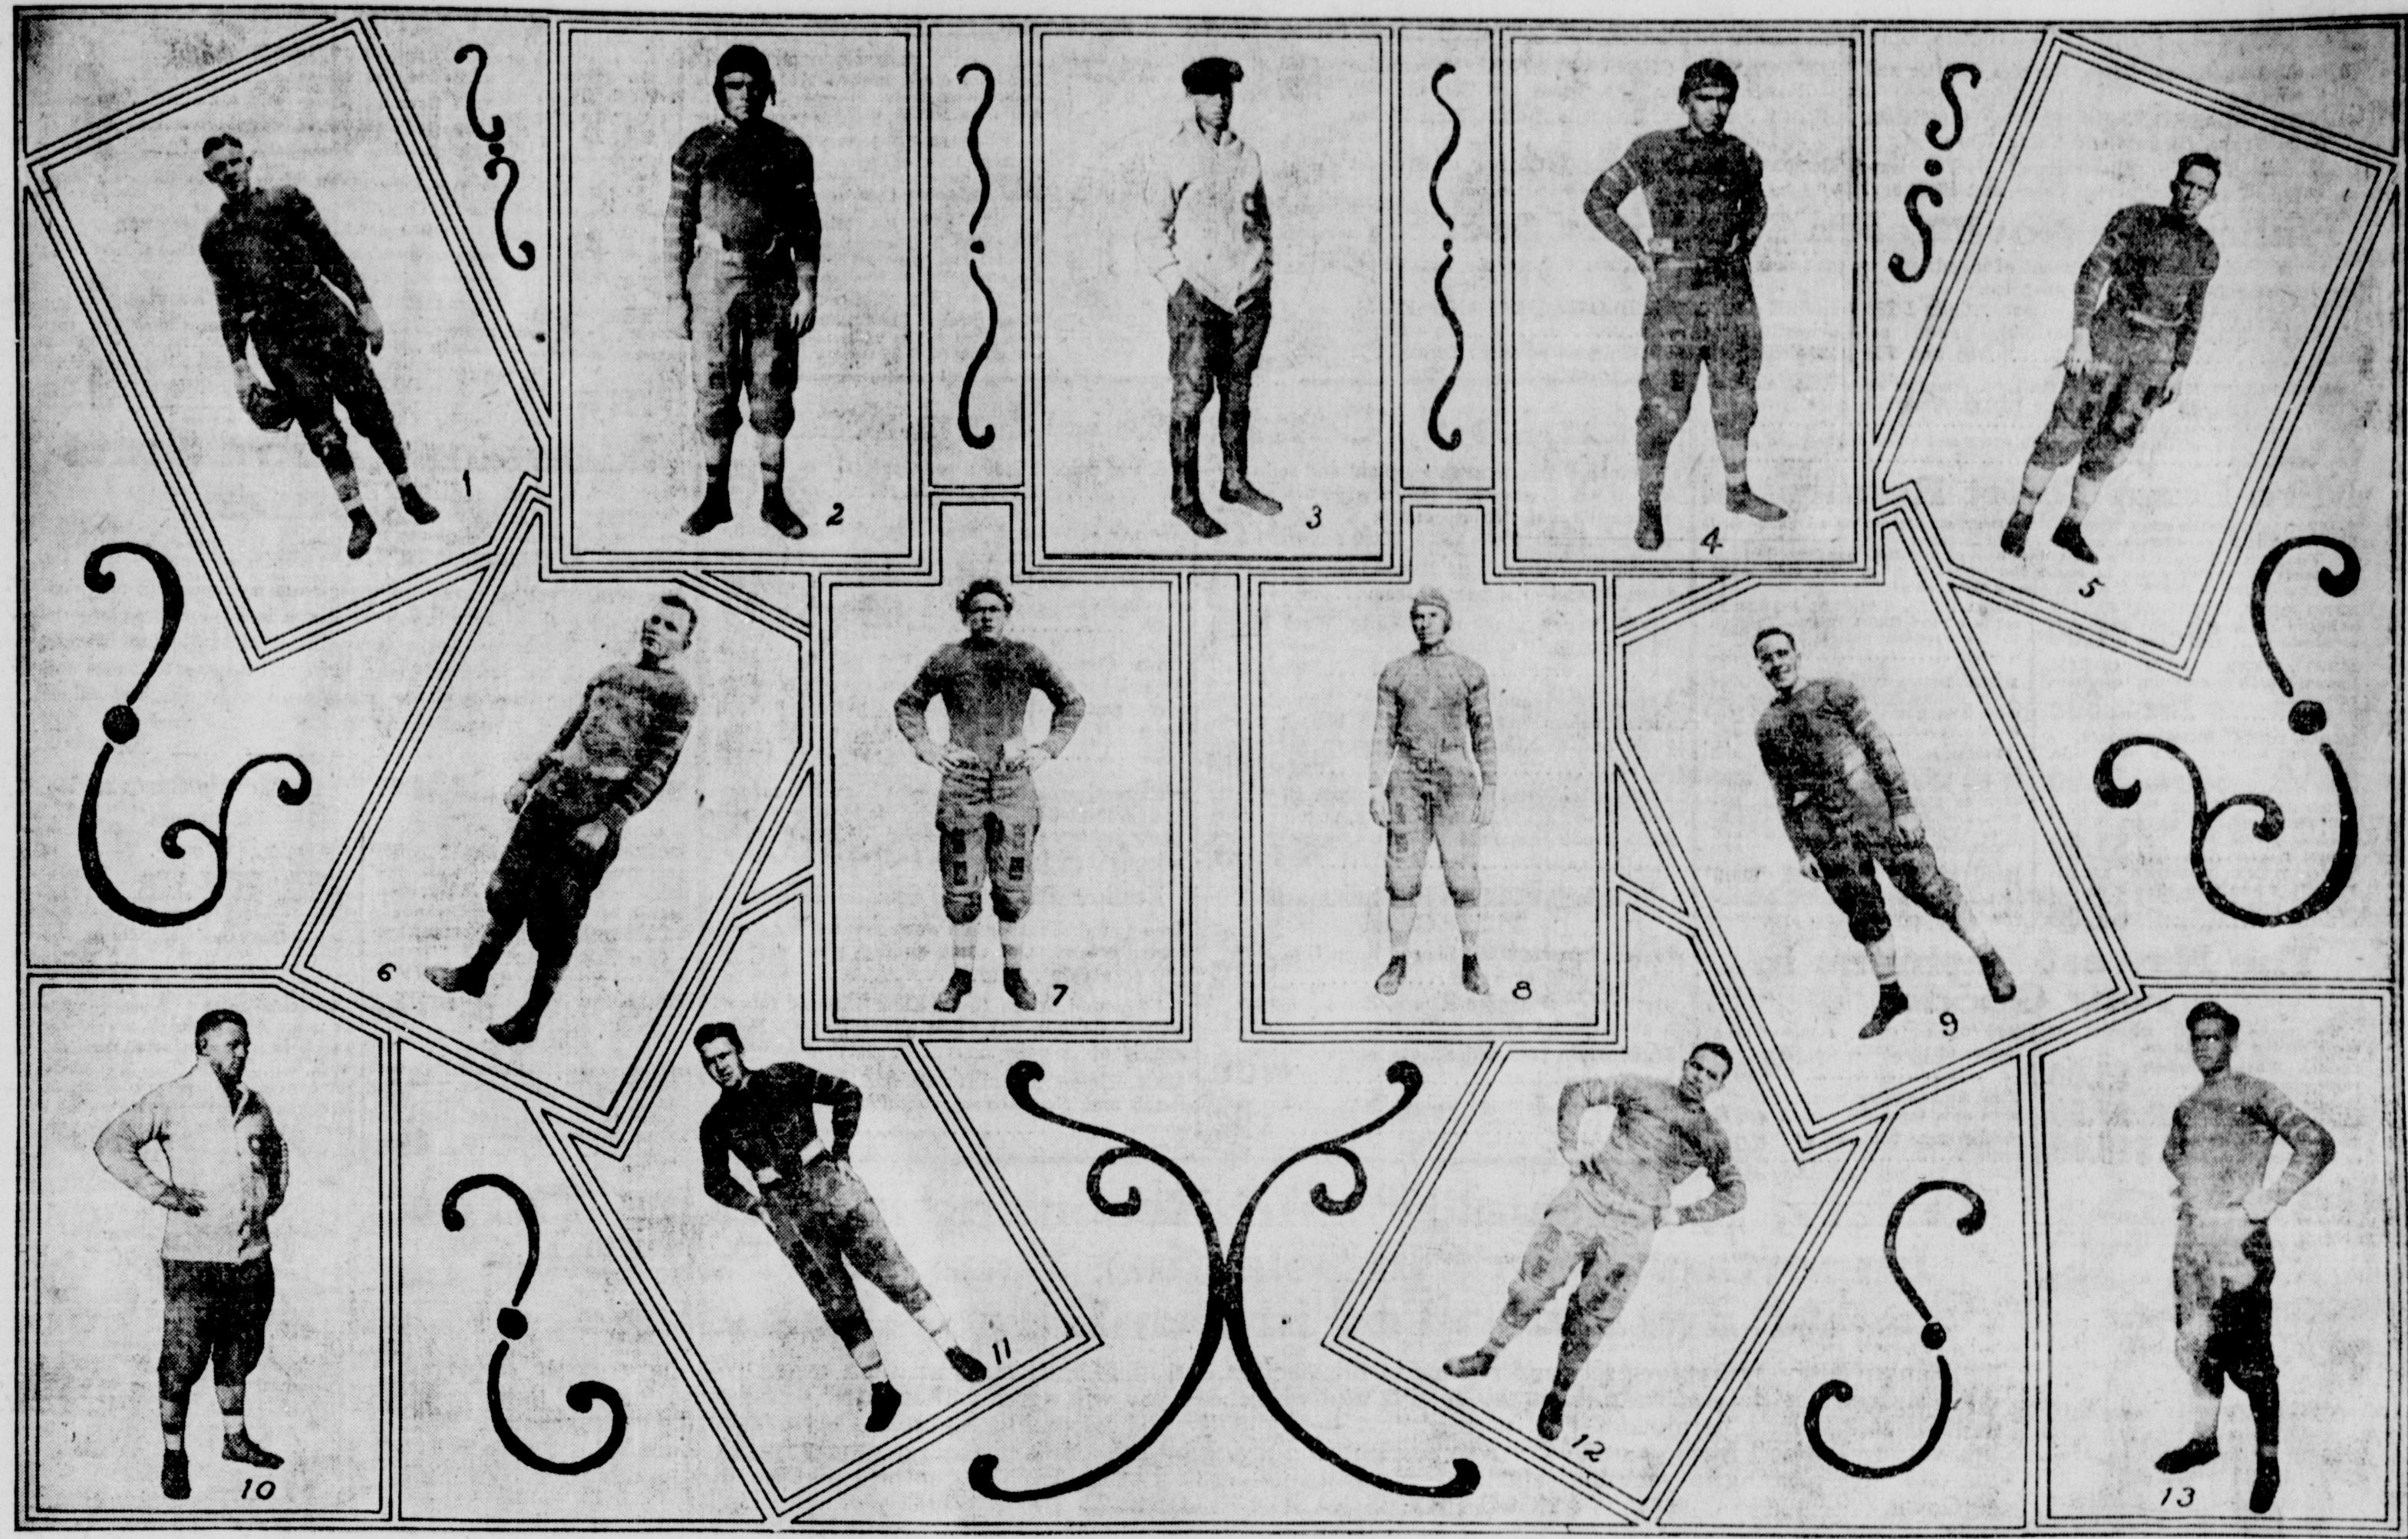

The little girl's name is Marguerite Pinto, and she has the distinction of having voted the greatest total of any voter in the city district. She placed in the ballot boxes by any contestant in a single day.

Second place in the city district was won by Miss Ethel Jackson of the Methodist Co-operative Home, whose total vote is 293,000.

In the out-of-town district Miss Ruth Oswald still holds the lead with 211,615 votes, followed by Mrs. R. W. Crowder Jr. with 207,870. Many of the out-of-town contestants made large gains this week, but not enough to dislodge the leaders.

A new feature is introduced into the contest today by the announcement from the Gold

SEWANEE WILL MEET BAYLOR NOV. 8

This picture gives an index of what Baylor will meet on November 8th. Although Sewanee will be handicapped on account of playing two games in three days, having to play Texas University Saturday before the Baylor game, the Tiger machine will guarantee to give the football loving public the best they have. Sewanee realizes that Baylor has one of the greatest teams in her history and therefore will have to put forth every effort to win from this machine that has defeated Daniel Baker, Rice and Trinity. Sewanee has defeated already this season Cumberland University 47 to 0 and the University of Florida 7 to 0. Auburn defeated Florida only 3 to 0 last week, so one may judge Southern football by these scores by comparison when Baylor meets the Sewanee Tigers Nov. 8 at the Cotton Palace.

NO. 1. LEFTWICH, GUARD—This big fellow from Aberdeen, Miss., had the misfortune of a sprained knee last year after the Alabama game and did not get into the game the rest of the season. He weighs about 175 pounds and is a fast man on his feet. Leftwich is an S. man.

NO. 2. SELLERS, HALF BACK—Sellers hails from Memphis, Tenn. He is an S. man, having played on the 1914 team. Sellers is a stocky built fellow, low and hard to tackle. He has been working on the forestry gang on the mountain all summer and is hard as a rock. Great things are expected of him this year.

NO. 3. COPE, HEAD COACH—The idol of Sewanee and the most beloved man that ever coached a football team. Cope has been with Sewanee since 1909, the year that Sewanee defeated Vanderbilt 16 to 5. That victory won the hearts of all Sewanee men and from that day no other man has even been mentioned as coach for the university of the South. Cope began his career with the Sewanee Military Academy team in 1898, entered the university in 1899 and was a substitute on the famous '99 team, the greatest team that Sewanee has ever put forth—a team that won five victories in one week, a record that no other team in the history of football has even approached. Cope played regularly the next three years and was captain his last year on the team in 1902. He is a member of the American Rules Committee and a clear sport in everything he undertakes. Watch this little fellow on November 8th. You will know him by his derby and cane.

NO. 4. CLARKE, HALF BACK—Clarke hails from Chattanooga. He is an S. man, this being his second year on the team. He is fast and a hard man to tackle.

NO. 5. JIM PERRY, GUARD—This lad hails from Charleston, S. C. He is heavy and aggressive and will give any man trouble that he plays against.

NO. 6. McISAACS, QUARTERBACK—McIsaac played end last year and was one of the best men on the squad. His four years of prep experience at quarterback at Central High School, Chattanooga, has given the necessities required for a quarterback, therefore Cope has tried him in this position this year.

NO. 7. WORTHAM, HALF BACK—This is Wortham's first year on the team. He worked hard last year, but was a little too light to make it. This boy shows great improvement this year.

NO. 8. CRUDGINGTON, END—Crudgington is an S. man. He is from Knoxville. Long, lanky and aggressive, he may bear watching in the game on November 8th.

NO. 9. NEIL EDMOND, END—If his cousin Pete at Texas University doesn't kill him, some Baylor man had better prepare for a rough day. Edmonds, as all here know, is from Waco. He is one of the best defensive men in Southern football today. Playing to the end, fighting every inch, determination and grit have made Neil a man to be feared. He is a fierce man, his tackle being deadly and sure. Everybody in Waco should turn out to see this old Waco High School star in action. He is to Sewanee what he was to Waco in 1909. He will play against his cousin Pete on the Texas team Saturday before he plays here.

NO. 10. DOBBINS, TACKLE, Captain All-Southern—Dobbins is the backbone of the team. Steady, heady and aggressive, he is probably the best Southern tackle since the days of Skinny Ship, Freedland of Vanderbilt, and Kerr of Tennessee. This is Dobbins' fourth year on the team and it will be a treat itself to see old "Dobbs" in action.

NO. 11. SCOTT, CENTER—This is Scott's third year on the team. He is a hard fighter and a hard man to deal with.

NO. 12. HARRISON, GUARD—Harrison played a steady game last year. He comes from Fort Worth. His prep days were spent at the West Texas Military Academy, where he made a fine record.

NO. 13. RUCKER, GUARD AND CENTER—Nap Rucker is from Temple. His playing last year was especially noticeable in the earlier games of the season, but Scott proved too strong for him and Nap was afterward used as a utility linesman.

Sewanee's Attacks on Florida's Line Wins Game 7 to 0

INDIANS LOSE AGAIN.

By The Associated Press. Pittsburgh, Oct. 16.—The University of Pittsburgh completely outplayed the Carlisle Indians in their annual football game here today, winning by a score of 45 to 0. Carlisle never threatened to score.

COLGATE BEATS ARMY.

By The Associated Press. West Point, N. Y., Oct. 16.—The Army was defeated today by Colgate by 13 to 0 in one of the hardest fought games ever staged here. Colgate took advantage of poor work by the cadets and scored both touchdowns.

ILLINOIS HELD TO A TIE.

By The Associated Press. Columbus, Oct. 16.—With two of their best ground gainers on the side lines the Illinois football players were held to a 3 to 3 tie by Ohio State today. Both teams scored field goals in the last four minutes of play.

L. day at the Cotton Palace will be some of the important matters discussed.

A Pretty Test. When a young man proposes you should always be careful and test his love, questioned the chaplain, "But you are the prettiest," twitted the pretty Bayswater girl. "Do you see this tiny bottle?"

"Yes. Does it contain perfume?" "No; it contains acid. I test the engagement ring."—Pittsburg Dispatch.

Information Bureau of Cotton Palace With Benedick Bros.

The official bureau of information for the Cotton Palace has been established at the cigar stand of Benedick Brothers, in the entrance to the Amicable building. These young men will be pleased to impart any information as to the Cotton Palace or Waco to all visitors. Tickets to the exposition will also be on sale at their stand.

Pat Cleburne Camp Memorial Service to Be This Morning

The annual memorial services of Pat Cleburne Camp United Confederate Veterans, will be held this morning at the Austin Avenue Methodist church. Rev. F. P. Culver, the pastor, will preach the memorial sermon and a special musical program has been arranged. Eighteen comrades have passed away during the year just past.

Sale Cotton Palace Tickets.

J. Fielding Ficklen will have charge of the sale of season tickets for the Cotton Palace, under the direction of W. W. Pryor, and will open his office at 108 South Fourth tomorrow morning. Mr. Ficklen will be ready to give any information as to the sale of tickets to any interested. One season ticket will be given to anybody selling 25 season tickets or their equivalent in children's season tickets.

Second Presbyterian C. E.

The Christian Endeavor Society of the Second Presbyterian church will meet at 6:45 tonight. James McLaran will be the leader and special music will be rendered. A cordial invitation is extended to be present.

A Pretty Test.

"When a young man proposes you should always be careful and test his love," questioned the chaplain.

"But you are the prettiest," twitted the pretty Bayswater girl. "Do you see this tiny bottle?"

"Yes. Does it contain perfume?"

Open Bids Monday for New Building of Texas Telephone Co.

Bids for the construction of the new building of the Texas Telephone company, which will house the consolidated exchanges of the two companies now operating here, will be opened at noon tomorrow. Ground for the building, which is located on North Ninth street, between Austin and Washington, has already been cleared, and construction will begin within the next few days.

Last year the Chinese government tried the experiment of intrusting the building of nine gunboats to a Chinese firm, the Chinese Engineering and Ship Works, Limited, at Hankow. Three boats have been completed and launched. The remaining are under construction. The boats are stated to be about 100 feet in length, are intended for river use and, while smaller, are like some of the river boats employed by foreign governments.

The 400,000 Chinese in Indo-China constitute an important element. Nearly all are in business, and they control the trade in rice and fish products—the two leading industries of Indo-China—as well as the cinnamon trade of Annam and many other important industries. The chief center of Chinese population in Indo-China is Cholon, the rice-milling suburb of Saigon and the most populous city of Indo-China.

It is interesting to note at the present time that when the war broke out with Turkey in 1878 Carmen Silva, the "poet queen" of Rumania, was the first to volunteer as a nurse. She worked night and day in the hospitals, and after the war was ended the soldiers among themselves collected enough of the small coinage of the country to raise a national monument to "Carmen Rantola," the mother of the wounded—of which the queen was extremely proud.

The twenty-fifth anniversary of the largest Sunday school organization of today, the Baraca-Philathaea worldwide movement, will be celebrated at the Austin Avenue Methodist church Sun. Oct. 24, at 3:30 p. m. A most interesting and beneficial program will be rendered at that hour by efficient speakers and singers. Everybody cordially invited to attend.

The city commission will hold a recessed meeting at 10 o'clock tomorrow morning at the city hall. The commission will be present to consider a bill concerning twenty-six surface wells which a recent test by bacteriologists disclosed to be contaminated with the organisms which produce typhoid fever. The ordinance was ordered pre-

LETTERS FROM THE PEOPLE

More Anent City Organ.

Waco Texas, Oct. 14, 1915.

To the Waco Morning News:

Noting your discussion anent the publishing of the city ordinances, in

the entire country having exceeding 25,000 population where the publication of official notices is made in a weekly or semi-weekly paper.

If I mistake not, the state law requires (or formerly required) that such publications be made in a daily paper, where one is published, but

Waco having a charter specially prepared, this perhaps does not apply here.

With the precedent set, could not the Labor Journal or Baylor Lariat apply at the next awarding of the official organ, except in so far as what is actually done by the commission is concerned. All the opinions, discussions, thoughts and utterances, some likely for public or political effect, might well be left to the paper receiving the printing contract, as it

is to be commanded, and it seems strange it should be reminded of not having a reporter present at the commission meetings. That

would seem to be the province of the official organ, except in so far as what is actually done by the commission is concerned. All the opinions, discussions, thoughts and utterances, some likely for public or political effect, might well be left to the paper receiving the printing contract, as it

is claimed printers and blank paper do cost money on a daily paper.

Yours truly,

A. N. ONLOOKER.

The Public Kicker.

To the Waco Morning News:

In last Sunday's Morning News appeared an article of a citizen knocking on the Texas Telephone company. It is indeed ridiculous that an individual wishes the general public to be more careful in the matter of recording names on the delinquent list. It would seem that any person who is not naturally inclined to be a knocker ought to know that a suc-

a subscriber reminding him of his delinquency. I am sure that the Texas Telephone company would have thanked this subscriber had he gone to the manager and explained the situation. And I am sure that the telephone manager would have gladly corrected this mistake and seen it his duty to warn his employees to be more careful in the matter of recording names on the delinquent list.

It would seem that any person who is not naturally inclined to be a knocker ought to know that a suc-

cessful business concern cannot exist when it attempts to collect money in a discourteous manner.

Respectfully,

M. R. GOEBEL.

M'CORMACK SINGS WAY TO FAME

Marie Dressler Tells of Success in "I
Hear You Calling Me."

"It's strange how certain songs will
stick to certain singers just like a
burr," said Marie Dressler. "No mat-
ter how many other singers at dif-
ferent times may sing it, the song
always remains identified in the public
mind with one particular artist."

Take Edna May, for instance, which
will always be identified with "The
Song of the Salvation Army."

Miss Dressler's girl's song in "The
Belle of New York."

No matter how many thousand songs
she may sing and no matter how suc-
cessful Lillian Russell will always be
remembered for her "My Evening Star,"

which the late John Stromberg wrote
for her when she was playing at
Weber & Fields.

In a lesser way, Salle Fischer will
always be identified with "Dearie,"

while as for myself, why even
though I have a certain song in
my repertoire I should always be remem-
bered by "Heaven Will Protect a Work-
ing Girl."

That song is almost as deeply
embodied in my career as De
Wolf Hopper's recitation, "Casey at
the Bat."

But speaking about songs, let me
tell you a little story which has never
been told in print before. Some years
ago there was a young Irishman in
London who had nothing but a lovely
voice with which to bless himself. A
friend gave him a letter of introduc-
tion to the stage manager of the Gaiety,
when they were putting on a piece
called "The Good Miss Higheen."

The Irish boy applied for a place in the
chorus. His voice was tried and the
manager found it wanting.

"The Irish boy went from the the-
atre to a hotel where he was to sing
that afternoon and turned for con-
solation to his friend, who played his
accompaniments. Having heard his
story, this man, whose name was Mar-
shall, slapped him on the back and
said: "Never mind, old man; next
time your luck will turn. By the way,
I've just written a little song for
you. You can learn it in no time and
sing it this afternoon. It's called "I
Hear You Calling Me."

"The Irish lad who sang the song
that afternoon so brilliantly that it

made him the talk of London was John McCormack—Public Ledger.

**First Faculty Concert in Baylor to Take
Place October 25.**

The musicians who will take part in
the first faculty concert at Baylor uni-
versity are Rudolf Hoffmann, organ-
ist; Fred E. Eggert, baritone; Anton
Navratil, violinist, and Joseph Evans,
pianist. This concert, which takes
place on Monday evening, Oct. 25,
promises to be of unusual interest to
music lovers. The first of a series of
historical recitals will be a Bach pro-
gram to be given in December.

Some Euterpean Notes.

The first regular meeting of the Eu-
terpean club occurred on Saturday,
October 9, at the Central Christian
church. The outline of the lesson for
next meeting was given by Miss Beau-
l Duncan, who is the director of the
course in musical history. The musical
numbers were "Ballade," by Rein-
cke, played by Miss Louise Lawson,
and "Goodbye," sung by Mrs. W. L. McReyn-
olds. They will meet, play and eat
outdoor. Mrs. R. V. McClain as presi-
dent is now making her committee to
arrange for this, so far the only Hal-
lowe'en party announced for the
growing-ups.

**Much Live Stock
Already Entered**

There is no question but what the
livestock department of the Cotton
Palace will prove to be an immense
attraction. The wisdom of the
directors in greatly increasing the
capacity of the livestock barns has
already been demonstrated by the large
number of entries that have been
made, and the promise of many others
to enter at a later date. It is always
customary for the majority of live-
stock entries to be made just imme-
diately before the opening of the ex-
position.

The juvenile department, under the
direction of Mrs. Virginia Ryan, held
its first meeting on Saturday after-
noon, October 9. Twenty-five mem-
bers were enrolled. Many applicants
had to be turned away because of the
fact that the junior department would soon
outnumber the regular club members.
This is not a club strictly for girls,
for three boys have already enlisted.
When teachers and parents realize that
this children's club will create an in-
terest in music which nothing else can,
then we may expect to create an ap-
preciation for the best in music, and
there will be hopes of a future musical
public.

What They Are Doing in Various Phases of Their Work in Texas

Reported Weekly in The Waco Morning News by Miss Kate Friend, Editor, 525 Terrace Row, Waco, Texas

EQUAL SUFFRAGE DAY
OCTOBER TWENTY-THIRD

In Dallas, Equal Suffrage day comes with Saturday, October twenty-third. During summer adjournments and absences little has been heard from the Texas Suffrage society, but the re-gathering of the clans is here, and Texas women who are working for the ballot will be by no means idle.

MRS. CONE JOHNSON
MAKES TEXAS VISITS

As has been announced, Mr. and Mrs. Cone Johnson have come from Washington City for a few weeks among their Texas friends. They have been at home in Tyler, but with the past week Mrs. Johnson began a round of visits to her relatives and friends in various Texas towns before returning to the capital.

MRS. ROTAN RETURNS
FROM AN EXTENDED ABSENCE

The past week finds Mrs. Edward Rotan again in Texas. She has traversed the Pacific Slope, the Canadian Pacific route, and the far East during her absence since early July. This homecoming means that Mrs. Rotan soon resumes activity with her work as committee member for establishment of the Girls' Industrial school and as Texas chairman for the Ellen Wilson Memorial.

HOUSTON WOMEN PRAISED
FOR HOME LOYALTY

Visitors from the interior of the state who have visited the Woman's Fair in Houston praise heartily the spirit of loyalty shown by all the women of Houston. This spirit, it is said, has been felt rather than told, and it was remarked especially upon the number of younger girls who responded for the immense parade which opened the week of the fair. Houston loyalty is a lesson for all Texas.

APPEAL TO TEXAS WOMEN
THE SECOURS NATIONAL

Among the many other appeals which the present war has brought, the last is from an American organization, called "The Secours National." This brings under cartoon from Charles Dana Gibson and appeal from Richard Harding Davis, a plea for money with which to supply kits for the children of France. Clothing, too, is acceptable, checks or bundles to be sent to Mrs. Whitney Warren, treasurer, 16 East Forty-seventh street, New York City. List is made of articles which one or two dollars will supply for two forms of kit, the one for the infant, and the

other for the romper age. Women of unquestioned reputation have lent their names as indorsement of this movement, which has its headquarters in Paris, fostered by American women who reside there. It is these who have enlisted work from our women on this side of the Atlantic. Richard Harding Davis reminds that, in our great strife with England, France aided us, so that we owe a reciprocal debt.

Mrs. Warren, who makes report from personal observation, since he is superintending distribution of supplies sent to France by Americans. More than 500 kits have already been filled for shipment to the "war babies." Two dollars saves the life of a child" says this Secours National.

TEXAS INDUSTRIES PLAY
FOR DALLAS STATE FAIR

All Texas has heard of the unique entertainment, informing as well as unique, to be known as the "Texas Industries Play." This will be one of the features of Dallas fair season. The play will be a series of artistic and exceptional ability to interpret classic dances and graceful pantomime. The chorus of industries will, it is reported, be quite a spectacular production. The entertainment is fostered by women of Dallas, assisted by Texas women in general, the whole to introduce the "Made in Texas" movement.

MRS. E. L. DARWIN
A VERY BUSY WOMAN

The past two weeks has found Mrs. E. L. Darwin inspecting conditions of food supplies in Houston. From there, she goes for two weeks in Waco. The women of Texas are just awakening to the wonderful opportunity they have in Mrs. Darwin, and demands upon her time are much more than she can meet. In time, she can reach all, so women who are beginning to read about the practical assistance Mrs. Darwin can be, had best write state food department and find more of what a visit from Mrs. Darwin means. Applications for this visit can be filed and Mrs. Darwin will eventually reach all.

WATCH THE RURAL SCHOOL,
INSISTS MRS. WARNER

In one of recent appealing addresses for the bettering of the rural school, Mrs. Warner of Claude makes the request that women in traveling watch houses, and there note the condition of these, location, and uncomfortable appearance, exposure, and all such. "These," says Mrs. Warner, "reflect the educational ideals set before half million of our future citizens, and that these shacks are all that 96 out of every 100 per cent of our children will ever know. When we rear 80 per cent of our voters under such conditions, is it any wonder that every measure for the betterment of our state is defeated over and over again before it can be squeezed through our legislature and become a law?"

CONFERENCE OF CHARITIES
CONVENES IN DALLAS

Today notes the beginning of the annual session of Conference of Charities and Corrections, one of the forceful factors in the better living conditions of this state. This organization is still in formative period, yet the reports made at San Antonio last winter, a wonderful amount accomplished along the line of administering charity and correcting waywardness in Texas. The convention holds Sunday, Monday and Tuesday. The general theme of the three days will be "Public Support and Supervision of Charitable and Correctional Agencies." Among the women who will contribute to the formal program are Dr. Carrie Weston Smith, superintendent of the State Training School for Girls; Mrs. F. E. McAllister of San Antonio, state president of Parent-Teachers' association; Mrs. W. B. Sharp, member of the Charities and Corrections board from Houston.

YEARBOOK RECEIVED
FROM SHAKSPERE, ITASCA

Having had two meetings, the Women's Shakspere club of Itasca is now well under way for another, the fifteenth year, of pleasant intercourse and profitable study. The club will have two of the Shakspere plays, "Anthony and Cleopatra" and "Cymbeline," giving as background for the former the Stoddard lecture of Egypt; also, an evening will be given "The Unseen Empire." Last, it is recalled, was the stirring reading of Kunz Baker in her tour of Texas last spring. Doubtless this was well received as a means of turning attention to the blindness of peace. The yearbook for this club makes every provision for intelligent conduction in committees, officers, leaders of study, and topics assigned. Mrs. J. C. Butts, quite well known as a Texas club woman, is president. Sixteen active members form the roster, although there are associate and life members. The first session gave space to the conditions in war zone, and problems to be solved in this connection.

MISS FRETTING—I don't use any face powder but my own, made according to my own formula. Being entirely free from chemicals and extraordinarily fine and smooth, it gives a natural and velvety which appears absolutely natural. It is called "Valeska Suntan Face Powder" and sold in many drug and department stores. If you find any difficulty in getting it, write to my secretary as suggested above to Mrs. B. C. S., enclose fifty cents, and ask for white flesh tint.

MISS ENGAGED—I would not be guilty of assuring you positively that the bust can be developed. However, there is only one thing to use, and if anything else is done, it is to use this formula of mine certain to show a bust.

Anything mechanical is liable to cause an injury. This formula is safe. Mix half a cup of sugar, two ounces of ructone and half a pint of water. Of this take two teaspoonfuls after meals and at bed time. The ructone can be obtained at any drug store.

MISS HIDEROUS—I was like you—sick and tired of the superfluous hair removers advertised. I use my own formula, which is really wonderful. To remove hair on any part of the face arms, shoulders, other parts of the body, the best thing to do is to use some simple sooth solution. This has the effect of dissolving away the hair harmlessly, instead of burning it off and leaving a spot or mark. The simple sooth solution can be obtained at any drug store. This can be used even on the tenderest skin without the least irritation or danger.

EMBARRASSED—I don't wonder you are embarrassed. You can get rid of blackheads in a few minutes if you will follow my suggestion below:

Get some powdered resorcin at the drug store and sprinkle it on a sponge made wet with hot water, then rub it on the blackheads, large and small. You will be surprised how effective this is.

MRS. B. C. S.—Any good drug store carries the zintone (for making my feminine complexion beautifier). Sorry you

couldn't get it, but if you will address "Secretary to Valeska Suntan Thompson, Chicago," and enclose the price, which is fifty cents, my secretary will see that you get it at once.

MRS. B. L. R.—You can at once remove all excessive and unnatural arm-pit perspiration by the simple use of hydrozincide talc. You can get this at any drug store. It will at once remove all odor of perspiration and other body odors, and prevent the soppy condition of the arms. It will save you from embarrassment and save your garments as well.

BAYLOR HOMECOMING TO BE GREAT AFFAIR

70TH ANNIVERSARY OF UNIVERSITY TO BE CELEBRATED ON THANKSGIVING DAY.

EX-STUDENTS TO HAVE CHARGE

Annual Football Game with T. C. U. a Feature—Fine Program Mapped Out.

Commemorating the seventieth anniversary of its founding Baylor university will open its doors to the old students, graduates and friends on Thanksgiving day and the day before Thanksgiving. The celebration will take the form of "Homecoming" under the direction of the faculty, the local alums and the present student body of the university. At the time the university will close its doors and turn all departments and activities entirely over to the ex-students who have come to celebrate with the university. Its seventieth birthday and all aspects of the university life will take on a gala attire in keeping with the occasion.

One of the features of the Homecoming will be the introduction to the old students of the new athletic building recently built on Carroll field which is the gift of alumni. This is a combination club house, bath house, grand stand and one of the finest buildings of its nature of any university in the south. It is built entirely of brick and concrete and is an ornament as well as one of the most useful of the late buildings of the university.

The football eleven of Baylor will meet the team of Texas Christian university on the afternoon of Thanksgiving in an annual contest. The fight between the two schools is one of the hottest staged during the year as they are rivals since the day when both schools were in Waco. The Bears claim to have one of the strongest teams of the state this year and under the able direction of Coaches Moseley and Mike Balenti are developing speed and accuracy that is making a wonderful machine that works together well and understands its individual parts and plays thoroughly. The program committee of the Homecoming has arranged a full program of enjoyment for the members returning to their alma mater composed of addresses, music, songs and social features. Some of the most prominent men in Texas and the south have accepted places on the program and still others are yet to be heard from.

Men and women from every county in the state and some from other states and from every walk of life will be in attendance at the seventieth birthday of the university. Some of these have not said they will be here, but have not returned to Baylor since graduation, and many of them are coming who have not seen the university since it has moved to the south side of Waco creek, over twenty years ago.

The committee has prepared for the greatest time shown in the history of Baylor for the entertainment of the ex-school boys and girls and it is their intention to make all the men and women returning for the celebration forget their age, their duties and their business and remember only that they are surrounded by the scenes of the greatest moments and the hardest struggles of their lives.

Farmers Interested In Cotton Parade

The very first inquiry made by farmers of McLennan county when they reach Waco these days is in reference to the monster cotton parade that is scheduled to be held in the forenoon of the opening day of the Cotton Palace, Saturday, November 6. This will undoubtedly be the biggest strictly cotton parade ever held in the land where cotton is king and the sun always shines. It is the one year in which the farmer is the sole star.

The parade will be led, as usual, by "Farmer" Jim Ferguson, the only real farmer governor in the United States. He will be followed by hundreds of farmers from all sections of the state with their wagons loaded with huge bales of the fleecy staple.

A plan is now being worked out by the committee in charge whereby the farmers will be enabled to dispose of a certain number of bales of cotton at the Cotton Palace grounds in a very desirable manner. Cotton growers can obtain full information by calling upon or writing to either Tom F. Bush at the offices of Bush & Witherspoon, corner Third and Washington street, or W. J. Neale, at the offices of McFadden & Neale, corner First and Third street. These two gentlemen compose the committee who will have charge of the cotton parade. They will be glad to confer with all farmers in regard to the parade.

New York state will produce 36,300,000 bushels of potatoes this year, as against more than 53,000,000 last year. The total production of the United States also falls off. New York produces this year about one-tenth of all potatoes grown in the United States.

101 Ranch Wild West Show, With Jess Willard in Waco, Wednesday, October 20.

Entries From Oklahoma, Arkansas and Louisiana as Well as Texas.

The recent exploit of Joseph C. Miller, the Oklahoma ranchman and one of the owners of Miller Bros. & Arlington's 101 Ranch Wild West show, in buying a tramp steamer in order to facilitate the shipment of horses consigned to British, French and Greek governments, adds another to the many notable achievements of this interesting outfit. The syndicate, in which the firm entering the ball is engaged, the first prize is \$25, second prize \$20, third prize \$15, fourth prize \$10, and fifth prize \$5.

The Y. M. B. L. trade ball has always been one of the most interesting features of the Cotton Palace. As a result of the increased prizes that are offered this year the number of contestants will undoubtedly greatly exceed all previous years. The collage will also be taxed to its full capacity.

The trades ball is only one of eight or ten stunts that will be put on by the Y. M. B. L. Definite announcement of the other stunts will be announced later. It is claimed they are of an original character and will prove a big surprise to the many visitors.

Chairman C. P. Link and the other members of the committee claim they will do everything possible to make the Y. M. B. L. day the most attractive of the entire exposition.

A cargo of salmon recently shipped from Vancouver consisted of 5,000,000 cans valued at \$500,000 wholesale. Laid end to end the cans would reach a distance of 450 miles.

To Be a Record Breaker in Every Respect!

Monday, November the Fifteenth And It Will Be Y. M. B. L. DAY All Day

Monday, November the 18th has been set aside as Y. M. B. L. Day. It will be one of the feature days at the Texas Cotton Palace Exposition. The fact that the Young Men's Business League are planning the day is sufficient information to crowd the grounds and the buildings to their capacity, for the people of Texas have learned by experience that the Young Men's Business League of Waco never fails to present the most original and unique features that ingenuity, energy and hard work can produce.

Besides many new features for this day, the

Trades Ball will be Held in the Coliseum at Night

Every merchant and every business institution in Waco will be represented in the Trades Ball. And every one of these will strive to present the best "stunt" representing the line of business in which the firm entering the ball is engaged.

The First Prize Will Be \$25.00
The Second Prize Will Be \$20.00
The Third Prize Will Be \$15.00
The Fourth Prize Will Be \$10.00
And the Fifth Prize Will Be \$5.00

These are the largest and greatest number of prizes that have ever been offered in connection with this popular Texas Cotton Palace event.

THERE WILL BE EIGHT OR TEN OTHER "STUNTS" ON Y. M. B. L. DAY AND NIGHT AND AS FAST AS THE PLANS ARE PERFECTED BY THE COMMITTEE IN CHARGE, THESE FEATURES OF THE DAY WILL BE ANNOUNCED THROUGH THE PRESS. WATCH FOR THEM AND BLUE PENCIL MONDAY, NOVEMBER THE 15TH ON YOUR TEXAS COTTON PALACE PROGRAM.

Lerhorns, Black Minorcas, Black Buff and White Orpingtons, Barred White and Partridge Plymouth Rocks, White Golden Silver and Columbian Wyandottes, Dark Cornish Fowl and Brown turkeys.

In the three years that George M. Knebel has been judging the Cotton Palace poultry show his awards have given almost general satisfaction and not a single protest has been made by any exhibitor. Mr. Knebel is a local man, but has been a breeder and judge of fancy poultry since 1895. He has judged many of the largest poultry shows in the south, at such places as New Orleans, Memphis, Houston, Birmingham and many other places. He is a man who is recognized as a judge who gives justice to the birds without regard to the ownership.

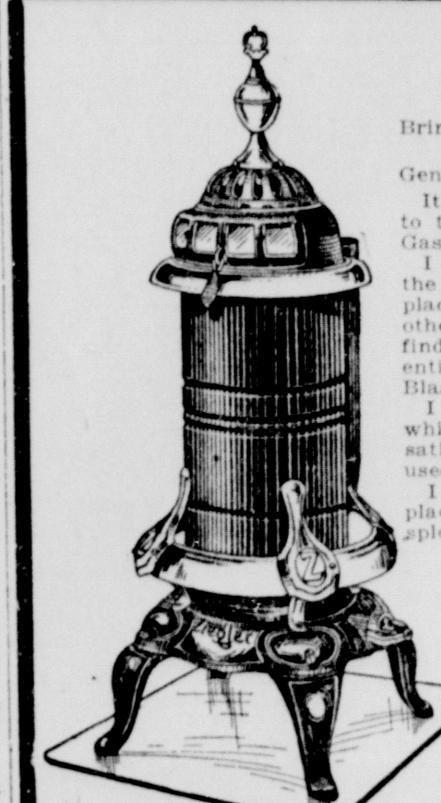

When Knebel is the judge, the exhibitor can be sure that the ribbons will be placed on the coops in record time.

The Texas Cotton Palace poultry show is the only poultry exhibition in the south at which individual certificates of award are given on every fowl winning a place. This is a feature inaugurated by Mr. Strecker at the 1913 show and has been greatly appreciated by the many exhibitors of the past two years.

Any exhibitor who pays entry fees on as many as ten fowls will be entitled to an exhibitor's season pass. When one takes into consideration the price of a season ticket and the opportunities that exhibitors have of carrying off many substantial cash prizes, this is a very liberal concession.

In addition to the regular cash prizes offered by the association, the list of special prizes in this year's premium list is the most liberal offered in the entire southwest. These specials have all been so placed as to give the bona fide breeder every opportunity to pay the expenses of his exhibit and in many cases to receive a very nice cash balance. The Cotton Palace show has always catered to the actual breeder never to the show fakir who goes through the country with a carload of nondescript fowls for the purpose of making a big winning. All of the best specials are offered on the real utility breeds and the men who make the show are in all cases taken into consideration.

Mr. Strecker requests local breeders who expect to use considerable space with their exhibits to notify him early, so that he can figure on how many sections to allot to each of the larger classes.

Gentlemen:

It affords me great pleasure to testify to the merits of the "Ziegler" Hot Blast Gas Heater purchased from you.

I have been the user of natural gas for the past ten years here and at other places, and have used practically all other makes of stoves. I have yet to find any gas stove that has given me the entire satisfaction that the "Ziegler" Hot Blast Stove has.

I have a "Ziegler" Stove in my home, which is heating three rooms in a most satisfactory manner. Last winter I used two stoves to do the same work.

I am also using the "Ziegler" in my place of business and it is giving a most splendid heat. I can simply state that without a doubt the "Ziegler" heater is the best on earth.

I find that with the "Ziegler" Stove I am able to get direct heat. Instantaneously and on the floor, where it is most needed. No other gas stove has ever done this for me.

Yours truly,

J. F. RIGGS.

AUDITORIUM.

"A Pair of Sixes."

"A Pair of Sixes," the farce by Edward Peple which ran an entire year at the Longacre theatre, New York, will be the attraction at the Auditorium next Tuesday night. It received a degree of praise from the usually severe metropolitan critics in terms that almost exhausted the superlatives. There has been no dissenting opinion as to the ingenuity of the fantastic idea on which the plot is based and the skill with which the comic intensity of the details make an endless entertainment of rarely enjoyable fun.

The story concerns George B. Netleton and T. Borgs John, manufacturers of a digestive pill, who are continually quarreling about their respective claims of being the brains of their prosperous business. With a burst of temper, each declares he wants to break the partnership. This is not easy, and since both have their lawyer come to the dispute as much about the details of the split as they had previously done about the details of the business. They finally accept their lawyer's suggestion to decide the dissolution by drawing a hand at poker. They agree that the one who wins shall be the master of the business, and the other is to be his servant for a year. If either party breaks this contract, he is to forfeit \$5,000 and his interest in the business. There are also numerous cash fines and penalties. This makes Borgs' position considerably strong to him when he is installed as butler in the Nettleton home, and his sweet heart comes to visit them as a guest. He dares not tell her his reason for his menial position, and his tribulations are made worse through the insistent interest of an eccentric English servant, who determines to capture him as a husband. This amazing complication excites no end of amusing situations and the fun is fast and furious until his sweet heart takes a hand in the game and proves that a lone queen of hearts can beat a pair of sixes.

Thursday, "Kick In."

As is indicated by the title, "Kick In" is a play with a punch. It was this punch which established the play as the most substantial dramatic success of last season in New York. It was this punch which caused an unanimous metropolitan press to greet "Kick In" with an unqualified praise which sent its fame broadcast throughout the country. No production of recent times was so lavishly lauded and all who had the pleasure of seeing it agree that every complimentary line written about it was fully deserved. It was this same punch which riveted the attention of theatrical masters of England and Australia, who immediately arranged for a presentation of "Kick In" in those countries, until, at the present time, it may be said that this Willard Mack masterpiece is being acted around the world.

"Kick In" has been secured by the Auditorium for one performance, next Thursday night.

Opportunity to secure seats for this sensational success will be offered the afternoon of Thursday tomorrow. Ever since it was first announced that "Kick In" was scheduled, interest has steadily increased, for every one is anxious to witness the play which made such a profound impression in New York as to compel it to remain on Broadway for a solid year. It is said that no comedy-drama of recent years offers as many excuses for wholesome laughter and wholesome thrills and he must be a hardened man of the world who could sit through its four engrossing acts without experiencing a tingling sensation along the spine.

ORPHEUM.

"Within the Law," Tomorrow Night.

"Big money is not made because of the law, but in spite of it. It is made by men who can afford to hire big lawyers to show them how to break the law. I went to jail for something I did not do. When I came out, the police wouldn't let me earn an honest living. Now I am making more than a living, dishonestly, and my lawyer is showing me how to do it."

This is one of the remarkable speeches of Mary Turner, heroine of Bayard Veiller's wonderful melodrama, "Within the Law," that ran over two years in New York City and is regarded as the greatest play of the day. The story has to do with this girl "rail-roaded" to prison by a department store proprietor for the theft she did not commit. Out of jail she lives by blackmail, but always "works within the law." Out of revenge she weds the store owner's son. The police try to round her out of town, and try to

make phenomenal and enduring theatrical history. Its records prove the assertion. "Within the Law" opened at the Eltinge theatre, New York City, one night with little known of it in that exacting and capricious metropolis save that it was a melodrama by an unknown author. Two years later it still was running at the same theatre, crowded house and the play and audience were known the world over wherever the stage exists. "Within the Law" was a success from the outset because it is a thoroughly human play and a play, because it touches the heartstrings, because it delves into things and treats of people we know exist but see and know little about. It uncovers the book of human nature to show its cleanest pages and reveal its greatest truths.

Simplicity is the keynote of the story on the surface, yet it is with wonder-

ates consents and that it is learned that it is Gilder's house that is to be burglarized.

"Within the Law" is a big, gripping play of life and death. It is strong in its dramatic intensity, true in its mirroring of human nature, bright with thrills, suspense and surprise; appealing in heart interest, rich in real comedy; enduring and enduring in the lessons of life and nature that it touches.

Many learn what is up and goes to the house to stop the robbery. Her husband comes in and sees her. The stoopigeeon gives the signal and on the verge of capture the confederate kills the stoopigeeon with a Maxim silent pistol. However, the problem is solved by trapping the murderer into confession, thus releasing the girl and her husband, both of who have kept silent, although accused of murder.

REX CALENDAR FOR WEEK.

Monday and Tuesday—Laura Hope Crews in the Lasky Paramount "Blackbirds."

Wednesday—Fox, "Should a Mother Tell?"

Thursday—Famous Players Paramount "Sold," with Pauline Frederick starred. Friday and Saturday—Jesse L. Lasky's Paramount par-excellent "The Chorus Lady."

Miss Crews and the Photoplay. Laura Hope Crews, the dramatic star who is appearing in the photoplay version of her great success "Blackbirds," for the Jesse L. Lasky company, is a great believer in motion picture acting as part of the training of any dramatic artist.

"For correcting mannerisms there is nothing like seeing oneself on the screen," said Miss Crews. "You get an idea of how you look and do and what your faults are that you can get in no other way. Now, and I mean tell you what your faults are but the camera is merciless and shows up your imperfections along with your virtues. I am now that since I have seen myself as others see me, I can correct a number of little things I never knew that I did while I was acting."

For those who saw Miss Crews as the wife in the Lasky-Belasco production of "The Fighting Hope," greater treat is in store when "Blackbirds" is presented at the Rex on Monday and Tuesday.

"Should a Mother Tell?" Betty Nansen, Stuart Holmes and Jean Sothern will be seen in this emotional Fox drama at the Rex on Wednesday.

Pauline Frederick plays a special return engagement Thursday at the Rex in "Sold."

"The Chorus Lady." Cleo Ridgeley, the beautiful and clever Jean L. Lasky's company leading woman, who scores such success in "Stolen Goods," "The Puppet Crown" and "The Secret Orchard," as well as other Lasky productions, will shortly be seen at the Rex on Friday and Saturday, in the photo-drama version of James Forbes' famous comedy, "The Chorus Lady." Cleo Ridgeley has been an actress of standing for a number of years and has been prominent in theatrical and motion picture companies.

The role of Patricia O'Brien, "The Chorus Lady," was especially selected for

ful subtlety and adroitness that the other and in it she is said to have an opportunity to display her wonderful beauty and training to the best advantage.

Prominent in her support is the well-known actor, Wallace Reid and the clever 14-year-old protege of Geraldine Farrar, Marjorie Daw, who scored such a pronounced success in the Lasky production of "Charlotte Walker, in "Out of Darkness."

"The Chorus Lady" has been given a wonderful setting and is presented in the usual Lasky thorough and artistic manner.

Marie Dressler sat in her \$5,000 limousine thinking of "Tillie's Tomato Surprise," the new Lubin five-act comedy to be seen at the Hippodrome Monday and Tuesday. Bitter tears rolled down her peach-and-creamy cheeks, threatening to flood the carburetor and short-circuit the electric system. It all happened in the yard of the Lubin main studio in Philadelphia, and even the gray sky threatened to weep in unison and perchance sympathy with tender Marie.

"The Master of the House" is one of those heart-interest affairs that come before the public only once in a decade. Sustained interest, powerful situations and the exception of the Lubin main studio in Philadelphia, and even the gray sky threatened to weep in unison and perchance sympathy with tender Marie.

"My dear," she said, "we artists have our own troubles, and I have mine, and the strain is wearing on me. I have gained only thirty ounces in the last two days, and I am beginning to worry. Then a small little creature like me, still undeveloped with the world before her, should have to wrestle with the details of a photo-play—that she should have to think about ordering dinner and designing dresses—my dear, it is awful! Fame rests heavily upon my marble brow, for I am the only comedienne in captivity who has gotten away with a five-act comic photoplay, and now I have filmed a second one which we have named 'Tillie's Tomato Surprise,' and let me tell you, the fact that I am still alive is the greatest surprise of all. Yesterday I made my way carelessly through a brick wall two feet thick. The day before I permitted an eight-cylinder car to pass over my defenseless body. Last week a dog and a monkey were honored by being permitted to bite me. Naval Officers Will Be in Waco Wednesday, Oct. 27

Naval officers have sent word that they will visit Waco Oct. 27 for the purpose of enlisting ex-members of the navy who have received honorable discharges in the naval reserve corps. These officers, Lieut. J. C. Cunningham and J. B. Bostwick, surgeon of the medical reserve corps, were here some months ago in an endeavor to interest the old members of the navy in the movement of creating a naval reserve and are returning this time to take up the work where they left it before.

The officers will enlist, and discuss matters with those interested in the regular service and urge all men who are interested to meet them on this date in the naval room in the post-office building. The men who have applied for enlistment, whether they were accepted or not, are also urged to be at the recruiting office during the day, as Dr. Bostwick is making the trip with Lieut. Cunningham for the purpose of passing on those who have applied. They also request all ex-members of the navy in this district to be present at the time during the day that they might discuss with them the reserve features and the advantages of this branch of the service. They further ask that all bring their discharges with them.

Edison Day to Be Observed Thursday by Sons of Jove

Edison Day, Thursday, Oct. 21, will be observed by the Waco council of the Order of the Sons of Jove, with suitable ceremonies. The celebration will include a luncheon at the State House at noon. The Jovian order was organized in Waco, and particular efforts will be made by First Tribune E. F. Copeley to arrange especial features for the celebration by the mother council of the order, which exalts the spirit of electricity, of which Edison is the greatest master.

TRIANGLE FILMS COMING TO WACO

E. H. HULSEY SECURES CON-
TRACT FOR FAMOUS \$2 MOV-
ING PICTURE PLAYS.

TO BE AT THE HIPPODROME

First Program Comes Here on Nov. 9.
Popular Prices Will
Prevail.

After weeks of planning and deliberating, E. H. Hulsey, general manager of the Hippodrome theatre here, and other important theatres in Dallas, Houston and Galveston, returned Friday from a hurried trip to Philadelphia with what is probably the most valuable document in the annals of Texas' amusements, in his possession. This document is in the form of a contract that will insure the showing of Triangle \$2 movies in this section. It bears the signature of Arthur Lucas, general sales manager of the Triangle Film corporation, a Boston, Mass., southwestern representative of this concern, and, of course, that of Mr. Hulsey.

Preliminary announcements of the new Triangle program, made up of the productions of D. W. Griffith, Thomas H. Ince and Mack Sennett, have already appeared in these columns.

No event of the season has been so fraught with interest as the test of \$2 movies on the New York public, and now that the test has been made at the Knieckrocker there is now in its third week, at prices again from \$2 a seat down, and it is claimed that the theatre is playing to capacity business.

Triangle pictures will be shown at the Hulsey theatres in Texas, to open at the Queen in Houston and the Old Mill in Dallas, simultaneously, on Sunday, the last day of this month, and at the Hippodrome on Monday, Nov. 8; and admission prices of 10c to 25c will prevail.

The Triangle program, as offered at the Triangle theatres in eastern cities, consisting of fourteen reels, one five-reel subject produced by Griffith, one five-reeler by Ince, and two two-reel comedies directed by Sennett, will be divided into two programs of seven reels each, when presented at the Hulsey houses. It is probable that the first program to be shown the first three days of the opening week will present "The Lamb," staged by D. W. Griffith, featuring Douglas Fairbanks and Enid Markey; and "My Valet," Sennett-Kystone comedy, featuring Raymond Hitchcock, Mabel Normand and Mack Sennett. The week-end program will be made up of "The Iron Strain," five-reel Thomas H. Ince feature with Dustin Farnum and Enid Markey, and "Stolen Magic," Sennett-Kystone comedy with Raymond Hitchcock, or "A Favorite Fool," presenting Eddie Foy and the seven little Foy's.

Manager Hulsey's Statement.

E. H. Hulsey, pioneer exhibitor, whose efforts are largely responsible for the improved methods of picture presentation in Texas, and whose faith in the future of this form of entertainment never wanes, speaks of the coming Triangle program as follows:

"I feel, indeed, fortunate in having secured the contract for Triangle pictures. No amount of the past has been the source of so much complaint that in the last eighteen months many big feature programs have been announced, but none with greater financial backing than the Triangle, and other program has ever been fortunate enough to secure the directors who make the pictures, which by the way, is of first importance to the movie fan who sees the pictures, to equal the reputation of D. W. Griffith, Thomas H. Ince and Mack Sennett. These men are unquestionably the masters of the photoplay. Along individual lines they have firmly entrenched themselves with the picture fan."

"I have been negotiating with the Triangle people for several weeks. At first I did not hold out hope of getting it, for the reason that the producing company insisted that the pictures must be shown at \$2 prices, and that the program would consist of fourteen reels, or three hours' projection time. I was not in favor of an admission price of \$2 as a regular thing, nor did I approve of a show of that length. When talking with Arthur Lucas at Kansas City about ten days ago, Mr. Lucas, representing the Triangle Film corporation, stood pat on their original announcement that the program must be run as outlined above. Upon my refusal to sign the contract, I understand, the company figured on

Ince's supervision include Dustin Farnum, Billie Burke, Seena Owen, Frank Keenan, Bessie Barriscale, Julia Dean, Clara Williams, John Emerson and others. The comedians now engaged under Mack Sennett's direction, to be seen in the coming Triangle pictures, include Raymond Hitchcock, Eddie Foy, Sam Bernard, Owen Moore, Mabel Normand, Fatty Arbuckle and Chester Conklin.

L. B. Remy's Statement.

L. B. Remy, southwestern representative of the Triangle Film corporation, says of the coming productions: "The production of Triangle pictures is a known quantity. Triangle is the name of the makers of the films and household words in most any community in which one cares to make inquiry."

"When the Hulsey theatres have finished with the pictures they will be shown in other cities, towns and villages in Texas, Oklahoma and Arkansas."

"The Birth of a Nation," Thomas H. Ince, who produced "The Battle of Gettysburg" and Mack Sennett, creator of Keystone comedies, are busily engaged in making pictures that will be shown exclusively on the Triangle program.

"The array of stars working under Griffith's supervision, to be featured in coming plays, includes Douglas Fairbanks, the Gish girls, Tully Marshall, Thomas Jefferson, De Wolfe Hopper, Helen Ware, Mae Marsh, Wallace Reid, Walter Long, Mary Alden, Louise Glaum and many others. The famous players working under Mr.

Ince's supervision include Dustin Farnum, Billie Burke, Seena Owen, Frank Keenan, Bessie Barriscale, Julia Dean, Clara Williams, John Emerson and others. The comedians now engaged under Mack Sennett's direction, to be seen in the coming Triangle pictures, include Raymond Hitchcock, Eddie Foy, Sam Bernard, Owen Moore, Mabel Normand, Fatty Arbuckle and Chester Conklin.

"A year from now we will look back and date the most important development of photoplay presentation from these Triangle pictures. Griffith, Ince and Sennett have subconsciously been building up the Triangle organization for years. It remained for the Triangle Film corporation to give them the opportunity to go their limit. It has been done. The greatest directors, the greatest stars and the best photographers have been brought together to produce the best plays. The movie fan to whom all this is dedicated and to whom the whole art of the photoplay is indebted, will look forward to seeing Triangle pictures, not only from what he has heard and read, but from what he has seen. The movie fan has never failed to respond fervently to good pictures or plays and real acting. He knows art and he applauds it. A year ago there were doubtless thousands of photoplay fans who only knew of Griffith as an oft-repeated name in connection with pictures, but since "The Birth of a Nation," Griffith has become not merely a famous individual, but the name is a symbol and a personification of the greatest exponent of the new art work of living shadows."

ANTI-POLLUTION LAW PROVISIONS GIVEN

STATE WILL NOT BUILD SEWAGE
DISPOSAL PLANT AS ERRO-
NEOUSLY STATED.

APPLICATION IS GENERAL

ALL Cities and Towns as Well as Cor-
porations Included in Lan-
guage of Bill.

Should the city of Waco, for any reason, fail to construct a sewage disposal plant by January 1, 1917, the state of Texas will not attempt to erect one for the city and assess the cost against the city, though there have been many statements made to that effect in the city.

There have been erroneous statements to the effect that the streams will be polluted by the disposal plant only from cities of 25,000 population and over, leaving the smaller towns to pollute streams at will. This is also a mistake. Cities and towns of every size, private corporations and even individuals holding contracts for handling the sewage of cities, are all restrained from polluting the streams and the chief weakness of the law appears to lie in its failure to definitely define what constitutes pollution.

In view of the interest that has been aroused in the election of next Tuesday, when it is proposed to vote \$75,000 in bonds for the construction of a sewage disposal plant in Waco, the law on that subject is reproduced below. The law would have become effective next summer but for the effort of Senator A. R. McCollum of this city, who secured an extension of six months.

The full text of the law follows:

"An act to prevent the pollution of the water courses or other public bodies of water of the state of Texas, providing a penalty therefor and providing means for the abatement thereof:

"Be it enacted by the legislature of the State of Texas:

"Section 1. That it shall be un-

Winsome Waco Women and 1915 Cotton Palace

TO SHOW PROGRESS OF CITY IN HISTORICAL PAGEANT

Various Episodes Will Be Depicted from Woodland Scene, Through Coming of the Indians and Pioneers Down to the Present Day of Prosperous Civilization.

The women of Waco certainly are loyal to the Cotton Palace. They are working night and day for the success of that institution. If thinking and hard work count for anything, the Cotton Palace ought to be a tremendous success this year.

One of the principal features of the exposition that is being planned by the ladies is the colossal historical pageant that will take place on the afternoon of the opening day of the exposition, Saturday, November 6. Mrs. W. O. Wilkes, general chairman of the woman's department of the Cotton Palace, is very enthusiastic about the pageant. She believes it will be one of the

hand-made violets that was brought from Alabama long before the war by a member of the Ormond family will also be used. Mesdames M. D. Baker, Mordin Falkner, E. M. Dotson, A. L. Skinner, B. B. McReynolds, Ellis Lovelace, O. L. Hargrove, T. W. Robertson, W. H. Watson, L. B. Stone, and Misses Pattie Cassady, Miriam Dotson and Mary Lou Bagby are looking after the rehearsals. The most interesting section of this part of the pageant will be the settling of the first white families. They will be represented by their descendants. Little Kate Ross Padgett, daughter of Clint Padgett, and granddaughter of the late Mrs. Kate Ross Padgett, will enact the part of the first white child born in McLennan county.

The beginning of civilization will be

MRS. J. M. HALE,
Chairman in charge of Historical
Pageant.

Fine "Eats" on Hand Unique Attraction

Miss Jennie Hylton, who will be in charge of the domestic science department at the Cotton Palace, has the right idea. She does not believe in feeding the public on dry lectures concerning foods, sanitation and other subjects. She proposes to make her department interesting and attractive. On three days each week a class of young ladies from the domestic science department of the Waco high school will be at the Cotton Palace. They will cook certain attractive foods, and will prove to the spectators that they know how to do it, by giving them an opportunity to taste it. This feature alone ought to prove unusually attractive. Just what particular good things will be cooked will be announced from day to day after the opening of the exposition.

A domestic art class will also be present each day. The advanced sewing will alternate with the first year's sewing. The domestic science department of the Cotton Palace will be far more complete than ever before.

The manual training department from the Waco high school will also be one of the principal features.

MRS. MARION HERZ,
Chairman in charge of Woman's
Day.

The latest aesthetic dances will be given between each of the living pictures by such well known artists as Miss Neilson Gillespie, assisted by two of her pupils, Misses Goldie Lazarus and Maude Brown. Also by the Misses Hoffmann and their pupil, Miss Mary Belle Chamberlain.

MRS. FRANK FORMAN,
Superintendent Fine Arts Department.

Premiums Will Be Awarded at Start

There will be a new feature in the Woman's department of the Cotton Palace this year that will make that part of the exposition far more attractive than in previous years. It has been decided to award all prizes before the opening of the show. This is the custom followed by similar expositions in all parts of the country, and it is believed that it will be greatly appreciated by the thousands of visitors at the Cotton Palace. The public will know right from the opening day which are the prize winning exhibits. This will be of great advantage to the exhibitors.

Mrs. W. O. Wilkes, the general chairman of the Woman's department, wishes to give notice to all intending exhibitors in that department that positively no exhibits will be received after 12 m. on Wednesday, November 3. Exhibitors should make arrangements to have their exhibits at the Cotton Palace before the final time limit.

MISS ROBERTA WRIGHT,
Superintendent Better Babies Contest.

MRS. LLEWELLYN AUBREY,
Superintendent Historical and Curios.

Boy Farmers Coming to Cotton Palace

The boys' agricultural clubs throughout the state are very enthusiastic over the Cotton Palace. Eighty of the prize winners from all parts of the state will be here for three days. It will be a great treat for these progressive youngsters. It will also be a great treat for the many visitors to the Cotton Palace to get acquainted with the boys who are doing things.

This work in Texas is in charge of H. H. Williamson. His headquarters are at College Station. He represents the United States Department of Agriculture, in the capacity of state agent in charge of the boys' agricultural club work. Mr. Williamson is highly elated over the prospective meeting at the Cotton Palace. He believes it will be a big thing for the entire state. He says he believes the encampment this year will be so successful that it will be made a permanent feature at the Cotton Palace.

Hillsboro Planning to Come En Masse to Cotton Palace

The city of Hillsboro is evidently going to break all records in attendance at the Cotton Palace this year. The people of that city were never so happily enthused over the big exposition as they are at the present time. From present indications every business house in that thriving and progressive city will be closed on Hillsboro day at the Cotton Palace, and practically the entire populace will come to Waco. Mayor Knight and the Y. M. C. A. have the city in charge. They have already commenced arrangements for the trip. The mayor has suggested that every business man in Hillsboro purchase at least one ticket and visit the Cotton Palace.

No city in Texas possesses more live and up-to-date business men than the metropolis of Hill county. They never start anything they cannot finish in a creditable manner. Hillsboro is going to make history at the Cotton Palace this fall. Other cities that have heretofore taken the lead in the matter of big attendance at the Cotton Palace will have to look out for their laurels. Hillsboro is liable to beat the bunch.

The people of Waco have a warm spot in their hearts for the Hillsboro citizens. They will never forget the warm welcome they received upon the occasion of the visit by the members of the Waco Y. M. C. A. to the Hill county fair last month. The boys never received a heartier welcome at any other place.

Misses of Baltimore at White House.
Seventy-five girls of the St. Mary Star of the Sea Parochial school of Baltimore and their chaperones were received yesterday by the president in the east room of the white house, states a dispatch from the Sun's Washington bureau. Mr. W. T. Russell made the introduction to the president, who shook hands with and had pleasant word for each visitor. The girls also visited some of the places of interest in and around Washington and had dinner at Great Falls, Va.

The guests were the guests of Mr. Whelan, who gave them the Washington trip in recognition of the works they did in raising money for their new school building in Riverside avenue.

MRS. LOUIS CROW,
Superintendent Labor Saving
Devices Department.

MRS. W. J. MISTROT,
Superintendent Woman's Exchange.

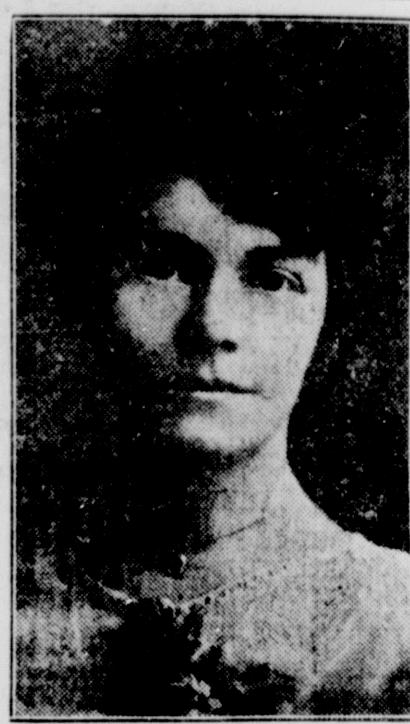

Mrs. W. O. Wilkes, General Chairman

Mrs. W. O. Wilkes, general chairman of the Woman's Department, has general supervision over all details of the Waco women's activities in making the 1915 Cotton Palace the best in history. How well she and her assistants are working is conclusively shown by this page.

MRS. FORREST GOODMAN,
Superintendent Culinary Department.

MRS. E. C. WOSNIG,
Superintendent German Exhibit.

MISS ROSE EDMOND,
Superintendent Cotton Modeling Department.

Belle Knight, Mazie Turner, Vinnie Cardwell, Maude Brown and Marian Dilworth.

The committee in charge of the second episode is composed of Mrs. J. T. Strain, Mrs. M. C. H. Park, Mrs. William Edmond, Mrs. T. F. Bryan and Misses Earl Gurley, Sallie Champion, Hazel Spencer and Alta Harrison. This episode will be full of sentimental and excitement. It depicts the coming to this section of the Huaco tribe of Indians. The famous lover's leap will be reproduced. The hunting Indians and their faithful lover from another tribe will make the fatal leap into the roaring river far below in their determination to be true to each other. Miss Grace Adele Gergeson will be the princess. The princess will give a beautiful spear dance before she makes the leap.

The coming of the pioneers will be the basis of the third episode. A team of oxen and an old ox cart will be used in this scene. An old fashioned

The rise in tuition fees at the University of Wisconsin for students from other states and countries will not be effective until September, 1916. The new law, as passed by the last legislature, made specific provisions that the increase of \$24 in the non-resident tuition fee should not go into effect until September, 1916. Therefore, students coming to Wisconsin from outside the state will not be required to pay the additional fee this year.

MARKET REPORT

COTTON

New York, Oct. 16.—An opening decline on bearish Liverpool cables was followed by a recovery in the cotton market today with January selling up from 12.67 to 12.78 and closing at 12.77, while the general market closed steady net 1 point lower to 3 points higher.

The market opened unchanged for October but generally 4 to 5 points lower under scattering liquidation and local selling for export. Private cables stated the relatively easy showing of Liverpool to week-end realization of a narrow market and increased southern offerings, while there was also reported that the Egyptian and Indian crops were being increased.

Reports that the Egyptian government would take no steps to restrict cotton planting in the country next season prompted considerable interest but no movement around the ring here, as offerings were restricted by a variable shoving of the weather map.

Bulletins of accumulating any large supply at the chief terminals in the northwest appeared especially to serve as an incentive to speculative buyers of wheat.

Active buying for millers tended also to strengthen the market.

Heavy selling orders, notably during the last half of the day, were chiefly ascribed to profit taking, usual at the end of the week.

Intensive damage reports from the northern section of the belt put strength into the corn market.

Provisions rose in response to gossip of immense export transactions.

SHRASPIRE'S WEEKLY REVIEW.

The price hangs around 12 cents basis

nothing at the ports. This price or even higher prices will be maintained if the farmer does not offer too freely.

All recognize that from October 1 to November 15 is practical time to sell, and in this past he has been forced to sell to meet his obligation regardless of market conditions. Not so now. Through co-operative efforts his cotton is in the intended warehouse, revenue receipt which is also collateral for loan of money through local bank at low rate of interest, and where local bank has failed to do so, the organization of the original loan or demands a high rate of interest, the Farmers' Union Cotton company, Houston, and draw three-fourths market value at per cent, the time he uses the money. The cotton will be protected by insurance against loss by fire or storm damage.

Present prices may be high compared with prices obtained last year, but we have no reason in saying that owing to the extreme shortage of the world's crop, that we saw fourteen to fifteen cents for cotton before there is any more cotton. Some of our most thoughtful students of the cotton trade predict above prices before the holidays.

The world's crop is short of last year's production from the most reliable sources of information from five and one-half to one and one-half million bales. The farmer is entitled to any increase in price, but the other fellow will get it unless the latter uses good business judgment and buys every bale possible. The farmer fails to make a profit slowly, obtain higher prices, the fault is his own. Every arrangement possible has been made for his assistance, his the opportunity to grasp, patronize his own business, stand by his organization—the union.
